

THE LEARNING COLLABORATIVE

Do you need additional skills in math or English to enter a college level course? The Learning Collaborative at Red Rocks can help!

Enroll or Co-enroll in our **FREE** non-credit course to receive at least 80 hours of instruction and tutoring to improve your math skills. Successful completion prepares you to succeed in courses such as MAT-0250, MAT-0300, MAT-1140. Join our English study group to improve your skills for ENG-0092.

Learning Collaborative courses are completely FREE to all participants.
