31101	EMS 1024	04C
30248	EMS 1070	04C

Red Rocks Community College Emergency Medical Technology Spring 2024 EMT Registration

Registration is on a first-come first-serve basis and you will want to register as soon as possible to secure a spot in the classes. If you have any registration holds those will need to be addressed before you can register for the classes. Please follow these steps to register:

Please follow these steps to register (see screen shots at the end of this e-mail):

1. Log onto The Rock
2. On the dashboard click on final grades (Do not click on the link for Navigate as this causes issues)
3. Click on the student tab
4. Click on "Add/Drop Classes" (Do not click on the link for Navigate as this causes issues)
5. Select appropriate term (ex: Fall 2023)
6. Enter CRN's into blank rectangles (Be sure to enter all of the CRN's as they are co-requisites and need to be added at the same time)
7. Click Submit

You should see the courses listed above added to your schedule.

In order to remain registered for the EMT, you must register for HPR 1011 CPR for Professionals or if you have an AHA BLS Provider card that is valid through the end of the semester please send it to me for evaluation. You will need to have a valid AHA BLS Provider card in hand no later than 1/31/2024 HPR stands for Health Professional and the class is listed under this subject area. This class is open enrollment and does not need Advisor approval.

Please download the [EMS Program information packet](#) and be sure to have all items completed prior to the first day of class. The physical, background check, urinalysis, TB test, and flu shot must be less than 12 months old at the end of your class. You must have your healthcare provider complete our form. If you have already had a physical within the time frame required, and do not plan to have a new one done, please ask them to complete this form based on that physical, using the date of the original physical.

Also if you are not familiar with the Care Forward Program, which could pay for your entire class, please be sure to visit the [RRCC EMS website](#) for information about this.

I have also attached an overview of the Emergency Medical Technology and the Fire and Emergency Services degrees if either of those are your ultimate goal. In that case you will want to make sure that you are also completing the general education courses associated with the degree.

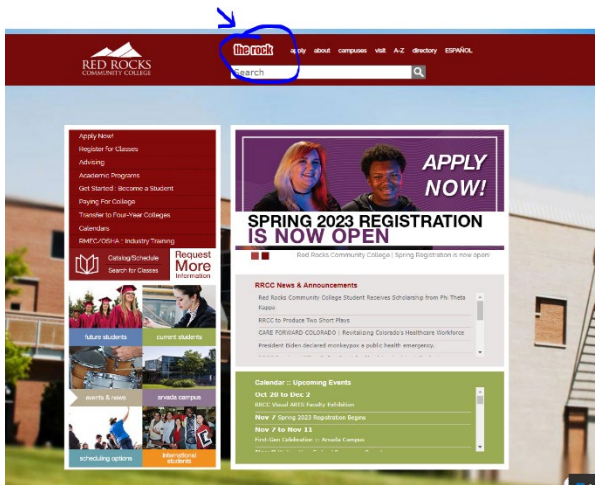

I have attached a degree plan that has options for BIO 1006 and for BIO 2101 and 2102. With BIO 1006 you can get into most, but not all paramedic programs in the state (some require BIO 2101 and 2102).

Please let me know if you have any questions.

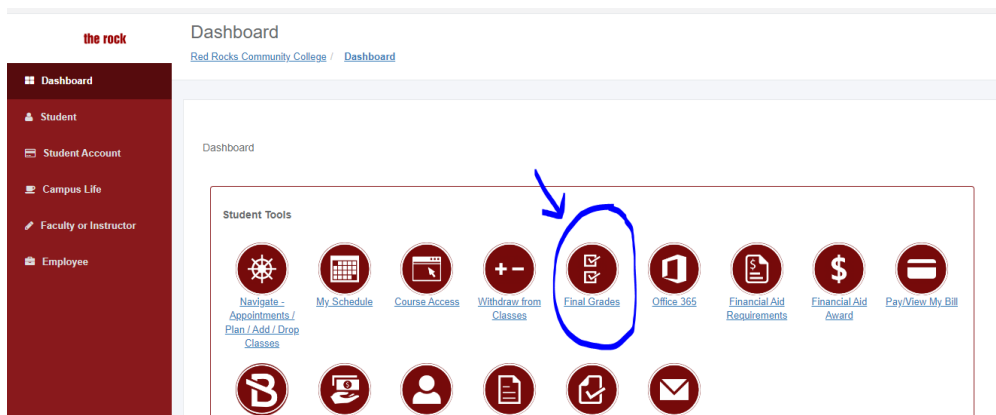

Red Rocks Community College Emergency Medical Technology Spring 2024 EMT Registration

In order to register for the EMT program please follow the steps below:

1. Go to the RRCC homepage and log onto The Rock

2. On the Dashboard click on Final Grades (Do not click on the Navigate Link to add or drop courses, this is causing an issue with registration for EMS courses)

3. Click on the blue Student tab
