

Admin / Tech Pro Meeting
October 23, 2009

Present: Kevin Edwardson, Marilyn Kenfield, Peggy Morgan,
Suzanne Sullivan, Sangeetha Tadimalla

The ground was very wet, so instead of planting bulbs, Kevin spoke about his plans for new grounds features.

Kevin started by saying that years ago he took classes here. The people at RRCC had a great influence on him and added to what he learned in class. Through his work on special grounds projects, he wants to add to what students and staff gain at RRCC.

Some anticipated projects:

- An ecosystem trail
- Meeting places with cultural themes and gardens
- Area for Tandori ovens
- Zen gardens
- Herb garden for the kitchen
- Improvements to the East entrance

Due to the Thanksgiving holiday, our next get-together will be at the holiday reception in December, likely 12/14/09 between 2 p.m. and 3:30 p.m. More information will be coming out about that in a few weeks.

Respectfully submitted,

Suzanne Sullivan
