

Admin / Tech Pro Meeting
September 25, 2009
An Engagement with Dr. John Media

We had a good turnout for the talk on Brain Rules by Dr. John Medina, held at the Sheraton Denver West Hotel. Many of us carpooled.

Our next meeting will be on October 23 from 11 a.m. until noon. With the help of Kevin Edwardson, we'll be working on our campus grounds. Marilyn and I offered a morning of campus clean-up. Kevin suggested that we do something "enjoyable and uplifting". He'll prepare some flower beds for us to plant bulbs and shrubs, and have all the heavy work done. No need to bring anything, unless you have a handy bulb planter or want your favorite knee pad. We'll ask for RSVP's closer to the date to help Kevin with planning.
