Child Care Innovations has existed for more than twenty years, providing training and support to child care providers, building child care capacity, and developing programs to enhance quality. As a contracted partner of Qualistar Colorado, we provide child care referrals, consumer education, and provider services for the counties of Adams, Arapahoe, Broomfield, Clear Creek, Douglas, Gilpin, Jefferson, and Park.

Professional Development Opportunities!

This bi-annual publication provides information regarding training sessions offered by our agency. All sessions are presented by highly qualified part time college instructors. In addition, we provide certificates documenting professional development, we offer participants interactive learning experiences, current information on best practices for early childhood professionals, and connections to supportive community resources...all at affordable prices.

We are also available for consultation and provision of **customized training sessions** provided at community locations throughout our service delivery area, early childhood professional organizations, or child care centers.
