CAMPUS

Red Rocks Options

At Red Rocks Community College, we offer a wide selection of scheduling and classroom learning experiences to fit your schedule. Whether you work full time, are a parent, or would like to complete your degree faster, we offer a large variety of alternative course styles such as Accelerated, Red Rocks Online, Hybrid, Self-Paced, Service Learning, Weekend, and CCCOnline classes. With these options, you can tailor your education to your busy lifestyle and learning preference. To learn more about Red Rocks scheduling options contact us at 303-914-6702 or options@rrcc.edu. You can also find detailed information by visiting us at www.rrcc.edu/options.

Note: Make sure you review the course listings in this schedule for the complete course and fee information.

Accelerated

An accelerated course takes the content from a traditional 15-week, 3- or 4-credit class and compresses it into a shorter time frame. Accelerated classes are 3 or more credits and meet for less than the traditional 15-week semester. Classroom and online classes are available. Accelerated classes are designed to meet the needs of busy professionals and students with active lifestyles.

Hybrid

Hybrid courses at RRCC are courses that combine on-campus classroom instruction with online learning components and/or out-of-class activities. Hybrid learning is for students who wish to combine the flexibility of face-to-face instruction with activities such as online collaborative discussions, group projects, and/or other out-of-class assignments. In a Hybrid course, traditional face-to-face instruction will be reduced but not entirely eliminated. Internet access and an email address are required for the online course activities.

Red Rocks Online

Courses through Red Rocks Online are taken anytime, anywhere at your convenience. Most courses follow a traditional semester schedule, and many also have accelerated seven-week online sections. They offer regular communication with faculty and fellow students who may be anywhere in the world. At the same time, you learn to use the Internet, and threaded discussions to enhance your learning experience. You can register, pay, order books, attend class, and use library services online. Internet access and an email address are required for the online course activities.

Self-Paced

Self-paced courses provide a high degree of flexibility and the opportunity to complete the academic course at your own pace. Self-paced courses are facilitated by an instructor and are designed to be completed in one semester. Self-paced courses are conducted online using D2L. Students will log into D2L to view the syllabus, list of any required textbooks, and instructions on how to complete assignments.

Service Learning

Service-Learning is a way for students to get involved in the community and to combine experiential learning with classroom learning. The Service-Learning program at RRCC connects community service with academic instruction, focusing on critical, reflective thinking and personal and civic responsibility. Service-learning courses at RRCC are designated with an SL next to the course title, and students completing the service project or activity requirements and earning a grade of "C" or better will receive an SL designation on their transcripts. For further information: service.learning@rrcc.edu or 303-914-6685.

Weekend

If you work, have a family, or want something interesting to do on Friday nights, Saturdays, and/or Sundays, Weekend Classes are for you. You can work on a college degree, take classes for fun, or brush up on skills you need for your job. Many weekend classes can be completed in as little as one day, and most weekend classes are also accelerated.

CCConline

For more information: www.ccconline.org. Colorado Community Colleges Online is a consortium that combines online enrollment from the 13 community colleges around the state, these courses are not taught by Red Rocks Community College instructors. Many CCCOnline courses require digital access to electronic materials. For applicable courses, digital access is \$49.00 per course.

To access your CCCOnline classes, log in to The Rock, available from the Red Rocks website: www.rrcc.edu.

Sessions start throughout the semester. Go to www.ccconline.org for offerings. Sign up through Red Rocks Community College for credit.

GUARANTEED TRANSFER -GT COURSES

The Colorado Department of Higher Education, in consultation with Colorado's public colleges and universities, has developed a uniform general education curriculum that forms the core of most bachelor's degrees and is guaranteed to transfer between all public, state-accredited colleges and universities. Colorado has also developed guided degree pathways which consist of specific required credit hours of courses from the following content areas: communication, mathematics, humanities, natural sciences, and social sciences. You should always seek advising from the college or university you plan to attend to ensure you are selecting the appropriate coursework for your degree.

Guarantee transfer courses in which you earn a grade of C or higher will always transfer and the credit will apply to GT Pathways requirements in every liberal arts & sciences bachelor's degree at every public Colorado institution. Depending on the intended Please remember to check the following website for the most current updates:

<http://highered.colorado.gov/Academics/Transfers/gtPathways/curriculum.html>.

Below are the GT Pathways general categories followed by specific, state-approved courses in each category.

RED ROCKS COMMUNITY COLLEGE 2017 LAKEWOOD SUMMER SCHEDULE

ACC-ACCOUNTING

Suggested Prerequisites: ENG 090 or CCR 092 or CCR 094 and MAT 050 (grade C or higher) or equivalent placement scores. Also, you must earn a C or higher in all accounting courses to graduate with a degree or certificate in accounting. If you plan to transfer to a four-year college or university to complete a major in accounting, you should consider the AA degree with a business emphasis. Consult with an accounting faculty advisor early in your college career to explore all your educational options.
