- ▣ Learning Systems
- ▣ Facilitation of Group and Team Dynamics
- ▣ Communication
- ▣ Partnering Strategies in Organizations
- ▣ Conflict Management and Resolution
- ▣ Organizational Systems

J.B. Sullivan Ph.D. Scholar

Pure research is a combination of intense study and artistic discovery.

J.B. Sullivan, Businessman

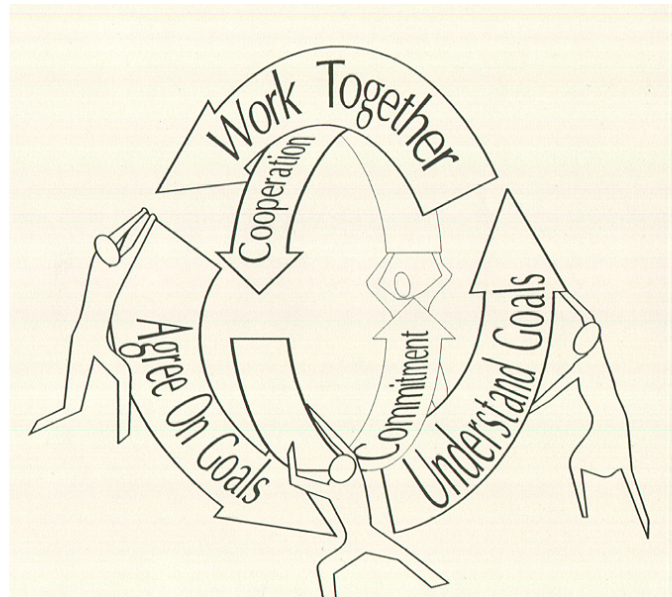

Working with others is a combination of science and art.

There is beauty in collaboration
that moves people happily forward.

Sometimes the best way to explain an idea is to draw a picture.

International Team Development

Sullivan's Team Development System Vision

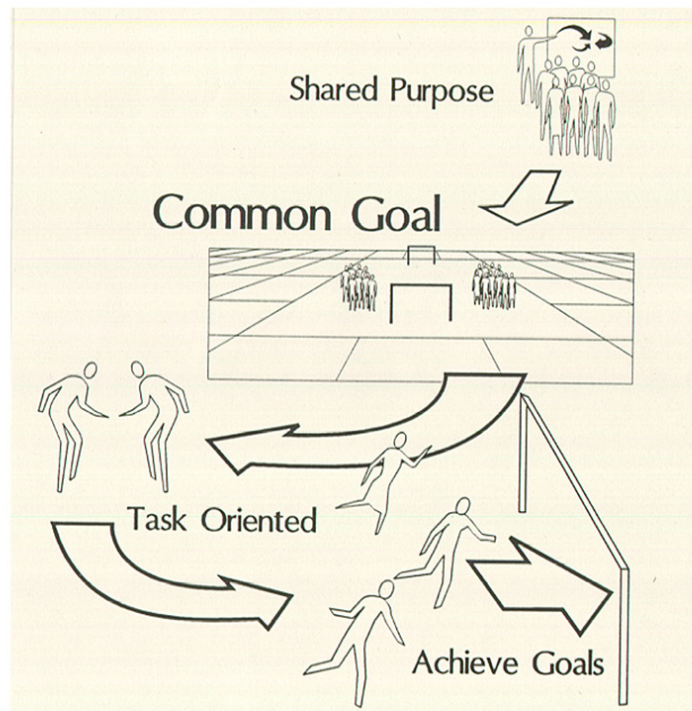

Saudi Arabia Teaching Teamwork

See the need...
Fulfill the dream
Let the dream change you.

Within

Art Created

- ▣ Jay draws.
- ▣ Incessantly.
- ▣ Since he began drawing in 2004 he has created over 100 drawings.
- ▣ He has logged over 6000 hours of drawing time.
- ▣ His pencils have covered more than 10,000 miles of lines.
- ▣ His drawings contain the equivalent of nearly 14.5 million words. (According to Cracker Jack's Fun Facts)

Let's Talk

Argument is a matter of stating your differences so that you can find a solution.

1,100 miles of lines
1.44 million words
32 pencils.

When people acquire art they are investing in their happiness now and in the future.

Jason and Buddy

Art is successful when people discover their own stories in the art.

Thanksgiving Buck

To come face to face with THAT moment in time is art.

Rescue Rabbit 2005

When I pick up a pencil I begin a process of continuous problem solving.

Barbara Haffner 2008

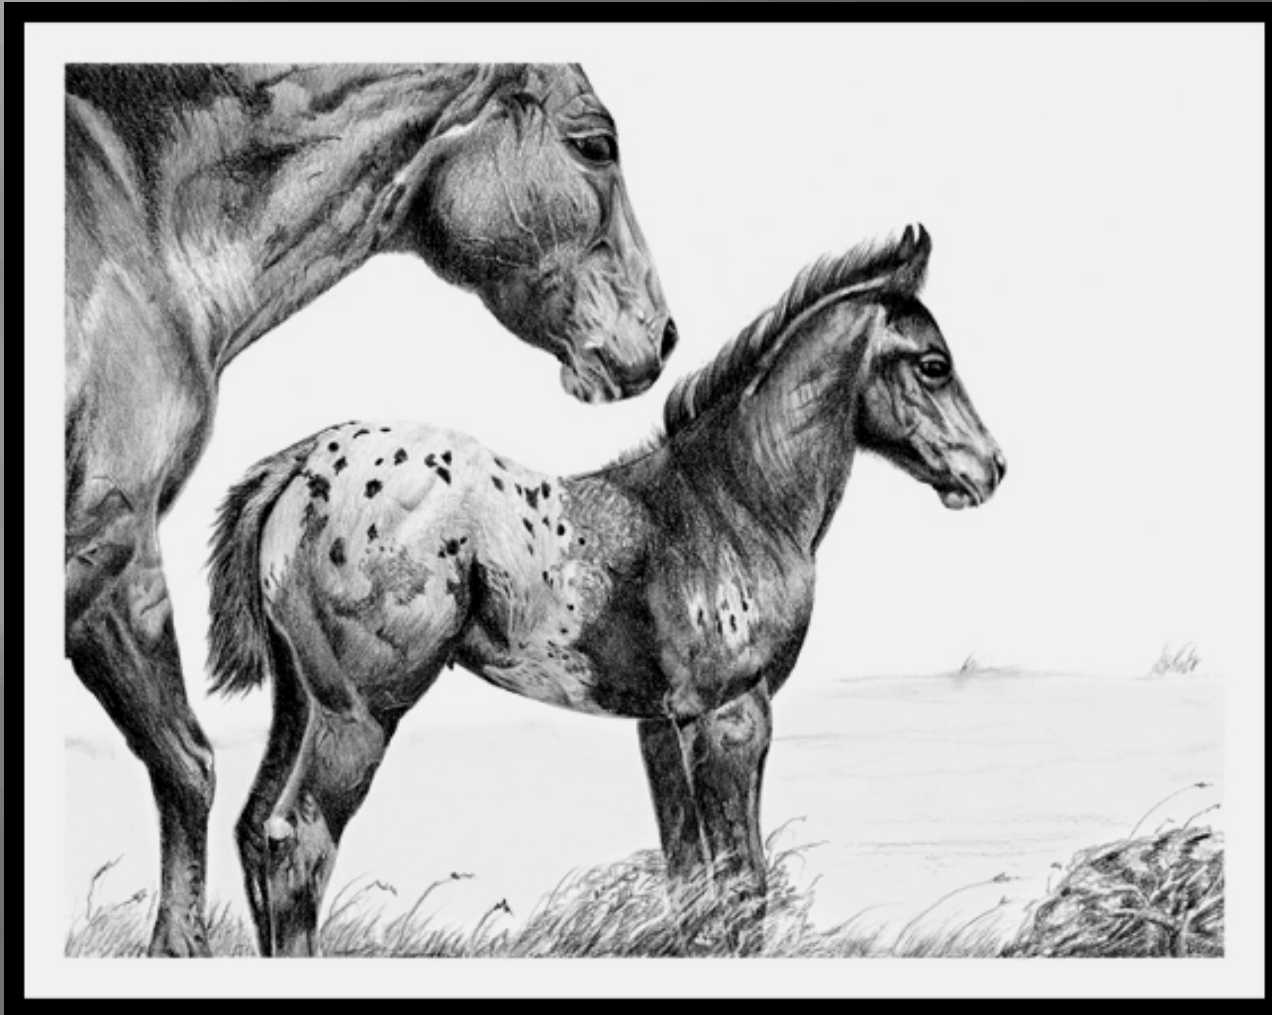

Art has the unique power to shape attitudes that define culture.

Seasoned Cowboy 2006

Grandfather resides in the past, he is within the child, both present and future.

Guardian of Night Wind 2006

I strive to synthesize lines and shapes into stories, to convey meaning.

To Be An Eagle

Hey Good Lookin' 2009
