Course Equivalents between Colorado Community College Courses and the University of Denver

UNIVERSITY OF DENVER
Office of the Registrar

The following serves as a guide to equivalents between Colorado community college courses and courses offered at the University of Denver. Where a course fulfills a Ways of Knowing Area of Inquiry, it noted as such: Analytical Inquiry: The Natural and Physical World (AI-Natural), Analytical Inquiry: Society and Culture (AI-Society), Scientific Inquiry: The Natural and Physical World (SI-Natural), Scientific Inquiry: Society and Culture (SI-Society). This document lists courses which either have an equivalent at the University of Denver, or the community college course, while no equivalent course exists, fulfills a Ways of Knowing Area of Inquiry. Some courses, such natural science and foreign language courses, taught online may not be transferred as a DU equivalent due to the instructional methodology not being equivalent to the courses offered at this University. All courses considered for transfer of credit are evaluated under the University of Denver Undergraduate Transfer Policy.

Courses from institutions outside of the Colorado community college system will be reviewed on a case-by-case basis. This serves as a general guide regarding subject matter and transferability.
