

PROVIDER POST

Child Care Innovations

July—December 2016

Over twenty-five years of providing training and support for child care providers, building capacity, and developing programs to enhance quality.

Professional Development Opportunities...

This bi-annual publication provides information about training sessions offered by our agency. All sessions are presented by highly qualified part-time staff. Certificates are provided to document your professional development, interactive learning experiences, current best practice information for early childhood professionals all at affordable prices.

We look forward to offering some of the new PDIS courses in a Face-2-Face (F2F) format so that you are able to interact with a person and still receive your credits through the PDIS portal

We are also available for consultation and provision of customized training sessions provided at community locations throughout our service delivery area, early childhood professional organizations, or child care centers.

For information on other workshops, conferences, and training sessions through Colorado visit www.qualistar.org or

Provider Updates

Child Care Resource and Referral Agencies collect data on child care supply and demand. This data may be used to:

- * Help parents and providers understand average rates in given communities
- * Help families understand options that best meet their needs
- * Help inform recruitment efforts
- * Gain information needed to receive funding for quality improvement, scholarships and support providers
- * Help inform capacity building efforts
- * Help determine training and support needs
- * Help in communication and outreach to providers, including providing information about grants and other resources
- * Help us advocate on behalf of early childhood professionals

Cooking Matters for Child Care Professionals [FREE or Donation]

Early care and education (ECE) professionals face many of the same challenges as parents in creating healthy meals with existing resources. Recognizing this, Share Our Strength's Cooking Matters launched *Cooking Matters for child Care Professionals*, a professional training program designed to empower professionals to serve healthy meals and create a positive food environment for the children in their care. Each of its five modules offer professionals hand-on practice in the kitchen, interactive discussion on ways to make healthy choices about food served to kids, and strategies to promote healthy eating habits. This was developed to address the specific needs of family childcare home providers and center-based ECE staff that serve young children from limited-income families. For dates in your area contact: haquilar@strength.org

Modules One: Encouraging Positive Mealtime Attitudes

Module Two: Safe Cooking With Confidence

Module Three: Choosing Healthy Foods for Kids

Module Four: Meals That Appeal To Kids

Module Five: Menu Management On A Budget & Partnering With Parents

What's Happening in Colorado Shines?

RTT: Race to the Top Grants are still available to those who sign up their program for the first time.
