## SURVEY THANK YOU!

Thank you to all of you who took the time to complete our family surveys! We have taken time to evaluate the answers, examine patterns and are now implementing some strategies for improvement.

This past month, we have also been asking the children their opinions. We hope to share with you some of their answers in our next newsletter.

## SUMMER IS COMING!

Our Theme for this summer is Heroes vs. Villains and we will be hosting care at Bear Creek K-8, Hackberry Hill and **Maple Grove Elementary**.

Registration will be opening February 20<sup>th</sup> for currently enrolled families! Keep an eye out for the email from [sacc@rrcc.edu](mailto:sacc@rrcc.edu).

Our website will also be updated as more information becomes available:

## DID YOU KNOW?...

According to the National Afterschool Association, over the past 10 years there has been a focused and well-researched shift for STEM education to be based on hands-on, inquiry-type activities. The afterschool environment is perfect for implementing these types of activities. With a non-traditional structure that allows for small group, multi-age learning opportunities and student-centered curriculum, afterschool programs are a place where process can take the front seat from content.

RRCC SACC offers STEAM projects every day! These projects are engaging, hands-on opportunities that allow the children to explore different concepts regarding science, technology, engineering, art and math. Feel free to stick around and participate in an activity with us someday!

## Red Rocks School Age Childcare at Maple Grove

ART SHOW

SUPERSTARS

**In the beginning of February, I stumbled upon Maple Grove Elementary's Art Show, and to my delight, I found that some of the talented artists featured were our very own Red Rocks kids! Witnessing the boundless creativity of children and their ability to express themselves on various canvases was truly awe-inspiring. Below, I've shared a glimpse of a few of our Red Rocks kids proudly showcasing their masterpieces!**
