

Postsecondary Performance Metric Definitions and Goals

Listed below are the six secondary (college and technical schools) performance metrics.

- **P1 Technical Skill Attainment:** Number of CTE concentrators who completed an approved CTE program during the reporting year.
- **P2 Credential, Certificate, or Degree:** Number of CTE concentrators who completed an approved CTE program during the reporting year.
- **P3 Student Retention or Transfer:** (This measurement was revised as follows and the new definition applies beginning with the 2010-2011 academic year data.) Number of CTE participants within the current reporting year who were participants in postsecondary education in the previous year and did not earn a certificate or degree in the previous reporting year.
- **P4 Student Placement:** Number of previous year CTE completers who were placed in employment, continuing education, or placed in military service or apprenticeship programs six months following the program year in which they left postsecondary education (CTE students who completed by June 30 would be surveyed beginning the following Dec. 1st).
- **P5 Non Traditional Participation:** Number of all enrolled CTE participants from underrepresented gender- male/female only- groups who participated in a program that leads to employment in nontraditional fields during the reporting year.
- **P6 Non Traditional Completion:** Number of CTE completers from underrepresented gender- male/female-only groups who completed a program that leads to employment in nontraditional fields during the reporting year.
