This is accomplished by connecting learning to the real world through activities such as service-learning, civic action, and community-based research. Community Engaged learning, in partnership with the local community, seeks to foster an environment where

individuals learn about themselves and their community, take action through service, and advocate for lasting social change. Visit www.rrcc.edu/hub/service-learning for more information.

Course Delivery Options

In addition to our regular 15-week on-site and in-person sessions, we have a variety of other scheduling options including asynchronous (learn at your own pace) and synchronous (scheduled meeting times) modalities.

Accelerated

Accelerated sessions start at various times throughout the semester and are offered in various formats such as online, accelerated, hybrid, weekend, etc. These classes can be found throughout the schedule, listed alongside regular 15-week classes. Unlike full-semester courses, accelerated courses compress learning paths into shorter time frames, often restructuring a 15-week semester into 10-week or 7-week formats. As you plan your schedule, be advised that accelerated classes require more work in a shorter amount of time. Be prepared to schedule extra time for homework and studying during an accelerated class.

Characteristics of a successful student include:

- Excellent time management skills
- Self-motivation
- Ability to learn on their own
- Commitment to their education

Colorado Online®

Colorado Online is a bridge from the student's home-college to additional online courses and learning opportunities available at other CCCS colleges. Colorado Online courses may include a classlist of RRCC students, taught by an RRCC instructor (designated, CO Online @ RRCC), or may include a classlist students and instructors from any one of the CCCS colleges (designated, CO Online @ Consortium). These classes are entirely online with no real-time expectations. Learn more about Colorado Online at <https://cccs.edu/new-students/explore-programs/colorado-online/>.

Honors List

The Honors List recognizes those who have achieved an outstanding level of academic success at RRCC. The Honors List designation is recorded on your official academic transcript and will be noted in the annual Commencement Program. This designation is based on the cumulative GPA for your graduating semester (summer/fall) and at the close of the preceding semester for spring graduates. The diploma and transcript Honors List designation is based on the cumulative GPA achieved after successful completion of all degree/certificate requirements.

To receive this academic honor, you must be graduating and have:

- Must be graduating in the current spring semester or have graduated the previous summer or fall semester.
- Must have earned, for all credits, a cumulative grade point average (GPA) of 3.85 or higher by the graduating term to be recognized during the graduation ceremony.

Hybrid

Hybrid courses at RRCC combine synchronous/live in-person instruction with asynchronous online learning components or other remote/out-of-class activities. The percentage of online versus in-person can vary by class, but some on-campus presence and some asynchronous online presence is required.

Hyflex

A highly flexible experience where the course is delivered entirely remotely in real-time, entirely in-person in real-time, or a combination of the two. Students can either choose

their mode of engagement in the class for the day or will be assigned a mode of engagement for that day by the instructor (e.g. through Zoom or Webex). Some participation in asynchronous online learning may also be required through D2L. Labs will require in-person attendance.

Online

Online courses (such as Colorado Online) can be taken anywhere there is a reliable Internet connection, delivered 100% asynchronously on MyCourses D2L, and are led by real professionals with instructor credentials. While there are course schedule expectations that must be adhered to (e.g. homework deadlines, exam dates, etc) in online classes, there are no on-campus requirements and no expectation for learners to be available to meet at specific days or class times. It is important that online learners establish attendance by participating in activities regularly and completing tasks on time. Students that do not login and participate in graded activities before the census (drop) date may be dropped as a “No-Show.”

Need help with MyCourses D2L?

Students with Desire2Learn (D2L) problems, instructional technology issues, and online course questions can contact:

- CCCS 24x7 Help Desk
For immediate support
Phone: 1-888-800-9198
Visit: <http://help.cccs.edu/>

Remote

Remote classes are delivered to learners synchronously in real-time, with 100% remote attendance expected at predetermined times. There is no in-person attendance; classes will only take place in live virtual meetings delivered remotely via technology (e.g. through Zoom or Webex).

Weekend Classes

Weekend courses are typically accelerated courses that meet Fridays, Saturdays, and/or Sundays. Depending on the credit load, weekend courses may be completed in a single day or over several weekends. Whether it runs for fifteen Saturdays, six Saturdays and Sundays, or three weekends, it will require completion of all homework assignments, and attendance of each session.

Diversity, Equity, Inclusion, & Belonging

At RRCC we strive to create a community in which everyone feels respected and valued for their unique talents and contributions. The Diversity, Equity, Inclusion & Belonging department provides programming, mentoring, referrals, and education around diversity and inclusion. We house the LGBTQ+ Center and the Center for Multicultural Excellence in the Hub at the Lakewood campus for all students to study, host club meetings, and build community. For more information, email DEIB@rrcc.edu.

Drops and Withdrawals

It is important to know the drop and withdrawal dates for all your classes. You can find out what your drop and withdrawal dates are by looking at your detailed student schedule in The Rock. All students should print out a detailed student schedule with drop and withdrawal dates any time they register for a class or make changes to their

registration.

Attendance:

To benefit the most from your instruction, attend each class, come to class prepared, arrive on time, submit assignments when due, and take exams when scheduled. In addition, comply with attendance policies set by individual instructors.

If you do not establish attendance in a course before the drop date you could be reported as a "No Show" by the instructor and dropped from the course. For an online course, you must log in and complete a gradable assignment before the drop date or you could be reported as a "No Show" by the instructor and dropped from the course.

NOTICE: To drop a class, you must do so by the drop date for that class. Classes dropped after the drop date and prior to the withdrawal date result in a "W" grade and are considered a withdrawal. You are responsible for full payment of any withdrawal. Withdrawals can also impact your eligibility for financial aid and may require repayment of financial aid funds.

This policy provides guidelines for addressing this issue.

Academic Progress

Suspension

If a student on Academic Probation earns a term GPA of less than 2.0 for all classes attempted, the student will be suspended and will not be allowed to enroll at any CCCS college for the next term without “waiting out” the required number of terms, excluding summer as a “wait out” term.

Suspension Rules

Summer term may not be used as a “wait out term”.

Suspension Reinstatement

If a student wishes to appeal the suspension, the student will need to meet with an academic advisor to complete a Plan for Academic Success and Academic Performance Self-Assessment. Once those are complete, the advisor will review the other steps the student must take to appeal which includes writing a personal statement and scheduling an appointment with the Director of Advising.

The Director of Advising will consider the student’s appeal and make a final determination. If the Director of Advising approves the appeal, the student will be able to register. The student will remain in suspension and will not be able to make any registration changes without first contacting the Director of Advising.

Notification of Rights Under FERPA for Post-Secondary Institutions

Family Education Rights and Privacy Act of 1974

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. FERPA rights are afforded to the students at the time of admission. These rights include:

- The right to inspect and review your education records within 45 days of the day Red Rocks Community College (RRCC) receives an access request. You should submit to the Associate Registrar, a written request that identifies the record(s) you wish to inspect. The Associate Registrar will make access arrangements and notify you of the time and place where the records may be inspected. If the records are not maintained by this office, you will be advised of the correct official to whom the request should be addressed.
- The right to request the amendment of your education records that you believe are inaccurate, misleading, or otherwise in violation of your privacy rights. If you wish to ask RRCC to amend a record, you should write the Associate Registrar of Student Records who will notify the college official responsible for the record; and clearly identify the part of the record to be changed and why it is inaccurate or misleading. If the College decides not to amend the record as requested, the College will notify you in writing of the decision and your right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- The right to provide written consent before RRCC discloses personally identifiable information from your education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to College officials with legitimate educational interests. A College official is a person employed by the College in an administrative, supervisory, academic, research, or support staff position (including law enforcement, unit personnel, and health staff); a person or company with whom the College has contracted as its agent to provide a service instead of using college employees or officials (such as an attorney, auditor, or collection agent); another system college; a person serving on the College Board; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks, the National Student Clearinghouse, state or federal authorities, and accrediting agencies. A College official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibilities for the College. Upon request, the College discloses education records, without a student's consent, to officials of another school, in which a student seeks or intends to enroll or after enrollment.

RRCC may share educational records with parents in the following circumstances: for a student who is dependent under the I.R.S. tax code, a student under 21 years old who has violated a law or the school rules or policies governing alcohol or substance abuse, and when the information is needed to protect the health or safety of the student or other

individuals in an emergency.

The Colorado Community College System considers the following to be directory information: your name, major field of study, participation in officially recognized activities and sports, dates of your attendance, degrees/certificates and awards earned, most recent educational institution attended, and enrollment status (full time, part-time, etc.). RRCC staff may disclose this information, without prior consent, to anyone inquiring in person, by phone, or in writing. Additionally, name, address, phone number, birth date, level of education, field of study, and degree received may be released to military recruiters upon request by the Solomon Amendment.

All other information contained in your records is considered private and not open to the public without your written consent. If you do not want your directory/public information released to a third party, you may sign a "Directory Restriction" form. This form will remain in effect until you cancel the request for nondisclosure. For more information contact Student Records at 303.914.6254.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is: the Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW Washington, DC 20202-5901

As of January 3, 2012, the U.S. Department of Education's FERPA regulations expand the circumstances under which your education records and personally identifiable

information (PII) contained in such records — including your Social Security Number, grades, or other private information — may be accessed without your consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities (“Federal and State Authorities”) may allow access to your records and PII without your consent to any third party designated by a Federal or State Authority to evaluate a federal or state-supported education program. The evaluation may relate to any program that is “principally engaged in the provision of education,” such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, Federal and State Authorities may allow access to your education records and PII without your consent to researchers performing certain types of studies, in certain cases even when we object to or do not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive your PII, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without your consent PII from your education records, and they may track your participation in education and other programs by linking such PII to other personal information about you that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

Smoking and Tobacco Policy

State Executive Order Making RRCC A Tobacco-Free Campus on July 1, 2019, On November 2, 2018, the

Governor of Colorado enacted an Executive Order making all State owned or leased buildings and grounds 100% tobacco-free. The campuses of the Colorado Community College System are covered by this order. On July 1, 2019, the policy will go into effect on the Red Rocks Community College (RRCC) campuses/properties. The information, below, has been provided to support students, staff, faculty, and visitors in understanding and preparing for this policy change.

What is included in the executive order?

The Governor's Executive Order (B 2018 011) states that the "sale and use of tobacco products, vaping products, and e-cigarettes are prohibited in all buildings and on all grounds owned or leased by the state." To read the full Executive Order visit www.rrcc.edu/tobacco-free.

Not included in the order are nicotine replacement therapies (nicotine patches, gum, lozenges, inhalers, etc.) approved by the Food and Drug Administration (FDA) for tobacco cessation.

How will this affect RRCC campuses?

RRCC is committed to providing an environment for students, faculty, staff, and guests that is conducive to learning and working and that promotes the health and well-being of all members of the community. As part of this commitment, RRCC campuses will be tobacco-free beginning July 1, 2019, in alignment with and support of the intention of the State Executive Order.

Having a campus environment where all staff, students, faculty, and visitors are welcomed, valued, and respected is of utmost importance.

Students, faculty, staff, and visitors cannot use any form of tobacco on campus:

Starting July 1, 2019, smoking and vaping in any form (cigarettes, pipes, water pipes/ hookah, electronic smoking devices, etc.) and all other forms of tobacco use (use of chew, snuff, snus, dip, etc.) is prohibited on all properties of RRCC, including in buildings, parking lots, recreational areas, and all areas currently designated for tobacco use. Use is permitted only in areas that are not State/RRCC property. Reminder: The Cities of Arvada and Lakewood prohibit smoking/vaping at public transit waiting areas (bus stops/shelters, light rail platforms, etc.).

It is the hope of campus leadership that punitive enforcement activities are rarely if ever needed.

REFERENCE(S): Board Policy (BP) 4-30, Student Behavioral Expectations and Responsibilities

APPROVED:/ Joe Garcia / Joseph A. Garcia Chancellor

Application

This procedure applies to students within the Colorado Community College System, including its Colleges (CCCS or System). This procedure applies to violations of the Code of Student Behavioral Expectations and Responsibilities (Code) (Appendix A).

Basis

If a student is alleged to have violated the Code, this procedure outlines the steps that can be taken in resolving the matter. Students reported to have violated the Code will be given the opportunity to participate in the behavioral expectations and responsibilities process. The procedure aims to engage students in a restorative, fair, educational, and developmental process, and to prevent future occurrences of student misconduct.

Definitions

For definitions applicable to this procedure, refer to Appendix B.

Jurisdiction

This procedure applies to behaviors from students that take place on a CCCS campus, at CCCS sponsored events, and may also apply to off-campus and online behavior when the Senior Student Affairs Officer (SSAO) or designee determines that the off-campus or online behavior affects a substantial CCCS interest. A substantial CCCS or College interest includes, but is not limited to the following, when the circumstances are such that there is a disruption to CCCS or College operations, a significant negative impact on the campus community, or a detriment to the educational interests of the System or College:

- Any action that constitutes a criminal offense as defined by federal or Colorado law. This includes, but is not limited to, single or repeat violations of any local, state, or federal law committed in the municipality where the System or the College is located.
- Any situation where it appears that the accused individual may present a danger or threat to the health or safety of self or others; and/or
- Any situation that significantly impinges upon the rights, property, or achievements of self or others or significantly breaches the peace and/or causes social disorder.

Any online postings or other electronic communication by students, including cyber-bullying, cyber-stalking, cyber-harassment, etc., occurring completely outside of the System or the College's control (e.g., not on System or College networks, websites, or between System or College email accounts) will only be subject to this procedure when those online behaviors can be shown to cause a substantial on-campus disruption. Otherwise, such communications are considered speech protected by the First Amendment to the Constitution.

Equity Statement

The Colorado Community College System is committed to a procedure of equity and justice. We accept the responsibility to create an environment free from discrimination.

Student Code of Conduct: Procedure

Initiating a Conduct Process

Any member of the System community may allege a violation by any student of the Code by reporting the matter

to the appropriate SSAO. The SSAO manages reports of Code violations made under this procedure and may delegate this responsibility. Students, faculty, instructors, staff, authorized volunteers, and guests are encouraged to report behavior that potentially violates the Code or that may be criminal in nature. Formal reports can be made by completing a College incident report. If the conduct is believed to be criminal in nature, the SSAO should immediately report the alleged violation to campus law enforcement or security or external law enforcement.

There is no time limit on reporting violations of the Code; however, the longer someone waits to report, the harder it becomes for College officials to obtain information and witness statements and to make determinations regarding alleged violations. Anonymous complaints are permitted, though doing so may limit the College's ability to investigate and respond to a complaint effectively.

Complaints, concerns, or reports without reasonable cause will not be pursued. Upon receipt of the report, the SSAO or designee shall review the matter to determine if it alleges sufficient information to support reasonable cause that a violation has occurred. If so, the SSAO shall promptly notify the Complainant (if any) and the Respondent in writing of the allegations and any interim action that is being imposed. Should a student withdraw from the institution before the conclusion of the conduct process, the College will proceed with or without the student's involvement.

The SSAO will identify a conduct resolution pathway as outlined below based on the nature of the allegations and input from the involved parties. Decisions made by the SSAO shall be final unless subject to appeal. Any outcomes and restrictions imposed take effect immediately unless the

SSAO agrees to delay or stay the outcome.

Proceedings initiated under this procedure are separate from civil or criminal proceedings that may relate to the same incident. Investigations or conduct proceedings by the College are not postponed while criminal or civil proceedings are pending unless otherwise determined by the SSAO.

Interim Actions

The SSAO, in consultation with appropriate administrative personnel, may implement interim actions intended to protect the safety and well-being of the CCCS community; preserve CCCS property; address the effects of the reported behavior; and prevent further violations while the matter is under review or investigation. Interim actions may include, but are not limited to:

Interim No Trespass

The SSAO may issue a “Cease Communications,” “No Contact,” and/or “No Trespass,” directive, also referred to as a persona non grata.

Interim Suspension

This interim suspension includes attending classes and events pending a final outcome. This interim suspension begins immediately upon notice from the SSAO. In cases where a student is banned from campus on an interim basis, they will be subject to immediate arrest for trespass if they are on campus until the exclusion has been lifted. A meeting with an SSAO is then scheduled as soon as possible to determine the appropriate conduct resolution pathway. Any other outcome listed in this procedure below may also be imposed on an interim basis.

In all cases in which an interim action is imposed, the individual will be allowed to meet with the SSAO prior to such action being imposed, or as soon thereafter as reasonably possible, to show cause why the interim action should not be implemented. The SSAO shall have sole discretion to implement or stay an interim action, and to determine its conditions and duration. Violation of an interim action may be grounds for imposition of an outcome, up to and including expulsion.

Conduct Resolution Pathways:

Alternative Conflict Resolution

The SSAO, in consultation with the involved parties, may determine that informally resolving student conduct matters through an alternative conflict resolution process is appropriate to resolve the reported concerns. The primary focus during alternative conflict resolution remains the welfare of the parties and the safety of the CCCS community, but it does not involve a formal investigation.

Alternative conflict resolution includes, but is not limited to dialogue, conflict coaching, mediation, restorative justice, or shuttle diplomacy. Alternative conflict resolution works best when students take responsibility for their actions, have a desire to restore the impact created by the incident, and actively participate in deciding and agreeing upon an outcome. If a resolution is reached, the matter will be closed without an opportunity for an appeal.

At any time during the alternative conflict resolution process, the SSAO may elect to initiate a formal investigation as deemed appropriate to resolve the matter. The parties can elect to cease the alternative conflict resolution process at any time before it concludes and proceed with a formal investigation.

Formal investigation

Where a formal investigation is designated, the SSAO shall investigate the allegations, provide the Respondent an opportunity to be heard, and render a decision as outlined below:

Investigation

The SSAO shall provide the Respondent an opportunity to respond to the allegations either by meeting with the SSAO to discuss the allegations or by submitting a written response, or both. The Respondent will have the opportunity to be advised by a personal advisor of their choice, at their expense, at any stage of the process and to be accompanied by that advisor at any meeting. An advisor may only consult and advise their advisee but not speak for the advisee at any meeting or hearing. The SSAO may remove or dismiss an advisor who becomes disruptive or who does not abide by the restrictions on their participation.

- The SSAO may also conduct any other investigation, such as meeting with the Complainant (if any), meeting with other relevant witnesses, and evaluating relevant documents, information, and evidence.

Decision

Once the investigation is complete, the SSAO shall render a decision as to whether a violation of the Code has occurred. The determination shall be based on the preponderance of evidence standard: whether it is more likely than not that the student violated the Code. The decision shall address whether alleged conduct occurred; whether and how the conduct violated the Code; and impose an outcome, if appropriate.

Notification of the decision in writing will be provided by the SSAO to the Respondent and any other involved parties, as appropriate. The decision will include information regarding the applicable appeals process. The decision is part of the student's educational record.

Outcomes

The following outcomes can be implemented by the SSAO as a result of finding a violation in the formal investigation process or as part of an agreed upon alternative conflict resolution. These outcomes are intended to develop an educational and restorative experience for individuals engaging with the conduct process. These outcomes may also be put in place to ensure the safety of the individual and/or the CCCS community. Outcomes will be effective immediately upon notice to the student, except that the SSAO may delay or stay the effective date, at their discretion, upon request from the student (e.g., it may be appropriate to stay an outcome pending the resolution of an appeal).

Loss of Privileges

The student will be denied specific privileges for a designated period of time, from one to three semesters or one academic year.

Building/Access Restriction:

The student will be denied access to specific campus locations, from one to three semesters or one academic year.

Restriction on Visitation Privileges

Restrictions that may be imposed on a residence hall student or non-residence hall student. The parameters of the restriction will be specified.

Eligibility Restriction

The student is deemed “not in good standing” with the College for a specific period of time, from one to three semesters or one academic year. Specific limitations or exceptions may be granted by the SSAO, and terms of this outcome may include, but are not limited to, the following:

- Ineligibility to hold any office in any student organization recognized by the College or maintain an elected or appointed office at the College.
- Ineligibility to represent the College in any way, including, but not limited to participating in the study abroad program, attending meetings, or representing the College at an official CCCS function, event, or intercollegiate competition as a player, manager, or student coach, etc.

No Contact Orders

If a “no contact” order is issued, it is the responsibility of the student not to have any contact with the individual(s) named in the order, directly or through third parties, or electronically/online until the order is officially removed by the SSAO.

College Housing Reassignment

Reassignment to another College housing facility.

Restitution

Compensation for damage caused to the College or any individual’s property. This could also include situations such as failure to return a reserved space to proper condition, including labor costs and expenses. This is not a fine but, rather, a repayment for labor costs and/or the value of property destroyed, damaged, consumed, or stolen.

Referral for Treatment/Assessment

These include, but are not limited to, alcohol or drug education programs, anger management, or other relevant assessment and treatment programs. Some outcomes may include a cost or fee.

College/Community Service Requirements

Completion of a specific supervised College/Community service.

Confiscation of Prohibited Property

Items whose presence is in violation of College policy (pipes, bongs, weapons, etc.) will be confiscated. Prohibited items may be handled, disposed of, or returned to the owner at the discretion of the SSAO.

Educational Program/Project

Requirement to complete an educational or reflection project designed to support students in their understanding of the overall impact of their behavior, or a requirement to attend, present, and/or participate in a program related to the violation. It may also be a requirement to sponsor or assist with a program for others on campus to aid them in learning about the violation for which the student was found responsible. Audience may be restricted.

Warning

An official notice that misconduct has occurred and/or that future specific behavior could result in more severe restrictions, conditions, and outcomes.

Probation

A period of time in which the privilege of continuing as a student is conditioned upon meeting certain requirements. Any violation or failure to comply with restrictions while on

probationary status could be escalated for further outcomes, including removal from CCCS. Additionally, students on probationary status typically will be required to meet with SSAO or other College personnel for follow up meetings. Probationary status may range from one semester up to the duration of time at CCCS.

Suspension

Separation from a College for a specific minimum period of time, after which the student is eligible to petition the SSAO for permission to return. Eligibility for return may be contingent upon satisfaction of specific conditions. The student is required to vacate the campus immediately upon receipt of notification of a suspension. During the suspension period, the student is restricted from College property, functions, events, and activities without prior written approval from the SSAO. Additionally, students may be suspended from one class period per incident by the responsible faculty member or instructor without triggering this procedure. Any longer suspension must be referred to the SSAO.

Expulsion

Permanent separation from CCCS. The student is banned from CCCS College properties and the student's presence at any CCCS-sponsored activity or event is prohibited. This action may be enforced with a trespass action as necessary.

No Trespass

The College may issue a "No Trespass" directive, also referred to as a persona non grata.

Other

Additional or alternate restrictions, conditions, or outcomes

that promote reflection and holistic student development (e.g., creative expression, community restoration project) may be created and designed as deemed appropriate to the violation.

Appeal of Formal Investigation Decision

A student found responsible for violating the Code through the formal investigation process has a right to appeal if suspension or expulsion is imposed.

If an outcome other than suspension or expulsion is imposed as a result of a formal investigation, a student may request in writing a discretionary appeal to the designated Appellate officer. A request for a discretionary appeal must be in writing and submitted to the Appellate officer within five (5) business days of the notice of decision. The Appellate Officer must notify the student in writing of whether the appeal will be permitted and if permitted, the below appeal deadlines apply from the date of that decision.

All appeals must be made in accordance with the procedures outlined in this section.

Important Information about Appeals

- The appeal is the final step in the conduct process.
- An appeal does not provide a second meeting or review of the case. The appeal process will be based on the existing record and the appeal criteria.

- Situations may occur that shift the timeframe of the appeal process. Considerations will be given for extenuating circumstances, including but not limited to, College holidays, family crisis, trauma, and medical/non-medical emergencies. Any extensions are made at the discretion of the SSAO.
- Students are encouraged to consult with the SSAO and external resources about the appeal process prior to submitting the request for an appeal.

Appeals Criteria

A student may only appeal upon one or more of the following grounds:

- A material procedural error occurred that significantly impacted the outcome of the factual findings, outcomes, or both (e.g., substantiated bias, conflict of interest, or material deviation from established procedures).
- There is new information unavailable during the formal investigation that could substantially impact the decision or the outcome. The new information must be included with the student's request for appeal, and the student must show that the new information was not known to them at the time of investigation. Failure to participate in the initial investigation does not constitute new information for the appeal process.

Initial Review of Appeal

Regardless if a case is appealed, all outcomes imposed in the case will go into effect immediately unless they are officially stayed pending the appeal decision.

Appeals must be filed in writing within ten (10) business days of the notice of the initial conduct decision or decision allowing discretionary appeal. A student may file a written appeal by completing and submitting the College's appeal form, if applicable, and sending it to the Appellate Officer. It is the student's obligation to provide any and all materials for consideration at the time of appeal submission. Subsequent information and/or revisions to the appeal after initial submission will not be accepted.

Upon receipt of an appeal, the Appellate Officer shall conduct an initial review to determine if the appeal meets the limited appeals criteria and is timely. The student will receive notification about the decision of the initial review of the appeal within five (5) business days of receipt of the student's appeal. If the appeal is found to meet these criteria, the Appellate Officer shall give written notice to other involved parties, if applicable, to allow the other parties an opportunity to provide a response to the appeal.

Appeal Determination

If it is determined an appeal meets the appeal criteria, the Appellate Officer will review the appeal. In reviewing the appeal, the Appellate Officer may only consider the information contained in the record of the case but may seek clarification of the decision rendered by the SSAO. Upon review of an appeal, the Appellate Officer shall have the authority to:

- Deny the appeal and affirm the initial decision and outcomes.

- Find that a material procedural error occurred (e.g., substantiated bias, material deviation from established procedures) that impacted the outcome and refer the case back to the SSAO or an alternate designee with instructions to reconvene the investigation and/or the Appellate Officer may otherwise correct the procedural error.
- Find that the student has presented new information that is material to the decision or outcome of the case. Upon this finding, the Appellate Officer shall conduct or request appropriate additional steps (such as requesting additional investigation by the SSAO) and/or modify the decision and outcome accordingly.

The Appellate Officer will notify the student in writing of the decision, typically within ten (10) business days of completing the review.

During this appeal process, if the Appellate Officer requires additional time, they shall promptly notify the parties.

Student Records

Student conduct records will be maintained in accordance with the Family Educational Rights and Privacy Act (FERPA) and SP 4-80a, Student Educational Records and Directory Information. Generally, student conduct records are sealed seven (7) years after a final decision is delivered in the resolution process, except as required by law.

Student conduct records may be sealed earlier by the SSAO upon written request from the student. Conduct records that result in a separation from the College (suspension or expulsion) and those that fall under Civil Rights, including a Title IX investigation, will be maintained

for seven (7) years.

Financial

Students who are suspended or expelled as a result of the conduct process will not receive a refund of any tuition, fees, or other charges, and will be responsible for any outstanding balances owed to the College. Students who are terminated from housing will be responsible for fulfilling their housing and dining contract fees, if applicable.

Retaliation

It is a violation of this procedure to engage in retaliation, such as taking adverse employment or educational action, against any person who reports an incident of a Code violation or because of the person's participation, or perceived participation, in any aspect of this procedure. Retaliation includes acts to intimidate, threaten, coerce, or discriminate against any individual for the purposes of interfering with any right or privilege provided by this procedure.

Revising this Procedure

CCCS reserves the right to change any provision or requirement of this procedure at any time and the change shall become effective immediately.

APPENDIX A

Code of Student Behavioral Expectations and Responsibilities Statement (Code)

A College community is defined by its values for learning, teaching, and service that reflect academic excellence, holistic student development, and societal impact. To guide student success, the Colorado Community College System (CCCS) has created the Code of Student Behavioral

Expectations and Responsibilities (Code), which includes standards of behavior that support an engaged learning environment for all students. The Code embraces the institutional values of integrity, excellence, learning, diversity, intellectual freedom, and equal opportunity, and is rooted in conflict resolution practice to support students in resolving their own conflicts.

Each College's Student Affairs Division is authorized to enact the Code and utilize the Code procedures to support students, while holding them accountable to the behavior that supports the College mission and vision. The outcomes of the student conduct process are designed to assist students in their development, help them think through their moral and ethical decision-making, and realign their behavior with the College's community expectations. In certain incidents, this may involve separation from the College either temporarily or permanently.

Outcomes are assigned based on the severity of the violation, cumulative conduct history, and educational needs of the student.

Students at each College are provided a copy of the Code and are responsible for reading and adhering to the Code. The Code in no way creates a contractual obligation and CCCS reserves the right to revise the procedure at any time.

The Code

The College considers the behavior described in the following subsections as inappropriate and in opposition to the values of the College community. These responsibilities apply to all students including continuing education. The College encourages and expects students, faculty, and staff

to engage as active bystanders and report to College officials incidents that involve the following behaviors. Any student found to have violated or to have attempted to violate the following responsibilities may be subject to the conditions, restrictions, and outcomes outlined in SP 4-30a, Student Behavior Expectations and Responsibilities Resolution Procedure.

The following section is organized alphabetically by violation followed by an explanation.

Abuse or interference with College processes, including conduct and academic integrity meetings:

- Falsification, distortion, or misrepresentation of information.
- Failure to provide, destroy, or conceal information during an investigation of an alleged Code violation.

- Inappropriately influencing any member of the campus community with conduct authority prior to, during, and/or following a campus conduct proceeding.
- Influencing or attempting to influence another individual to commit an abuse of the campus conduct process.

Academic Integrity

Plagiarizing, cheating, or committing any other form of academic misconduct including, but not limited to, unauthorized collaboration, falsification of information,

and/or helping someone else violate reasonable standards for academic behavior. Students who engage in any type of academic dishonesty are subject to both academic consequences as determined by the instructor and to outcomes as set forth in the Student Behavioral Expectations and Responsibilities Resolution Procedure.

Cheating

The act of using or attempting to use an examination or other academic work, material, information, or study aids which are not permitted by the instructor. Cheating includes, but is not limited to:

- Using books, notes, or calculators or copying from or conversing with others during examinations (unless such external aids are permitted by the instructor).
- Having someone else do research, write papers, or take examinations for someone else.
- Submitting work completed in one class to fulfill an assignment in another class without prior approval from the instructor(s).

- Inventing the data for a scientific experiment.
- Inventing the title and author of a publication in order to use the invented publication as a source.

- Knowingly attributing material to an incorrect source.

Plagiarism

The act of using someone else's work without giving proper credit to the original source. The work can be written, artistic, musical, language, symbols, or media. Reusing one's own work without proper citation (or approval of instructor) is also plagiarism.

Aiding and Abetting

It is a violation of this Code to actively assist another in violating the Code or covering up the violation after the fact.

Alcohol/Drugs

Use, being under the influence, manufacturing, possession, cultivating, distribution, purchase, or sale of alcohol and/or drugs (illegal and/or dangerous or controlled substance) and/or alcohol/drug paraphernalia while on College-owned or College-controlled property, and/or at any function authorized or supervised by the College, and/or in state owned or leased vehicles.

Animals/Pets

Animals are not permitted on campus except as permitted by law or as specifically approved by the College.

- Please see BP 16-70: Animals on Campus for information related to service animals and emotional support animals.
- Please see the appropriate handbook for regulations and processes for animals and pets in student housing, where applicable.

Bullying/Non-physical Abuse

Bullying includes repeated and/or severe aggressive or negative actions or behaviors intentionally or reasonably likely to intimidate, hurt, control, or diminish another person, physically, mentally, or emotionally. Bullying may include direct or indirect communications in verbal or nonverbal form and specifically includes bullying by electronic means (e.g., cyberbullying).

Knowingly furnishing or possessing false, falsified, or forged materials, documents, accounts, records, identification, or financial instruments, including electronic forgery and/or manipulation.

Discrimination and Harassment

Discrimination is any distinction, preference, advantage, or detriment given to a person based on one or more actual or perceived protected classes. Harassment is a form of discrimination that includes Quid Pro Quo and Hostile Environment.

- A hostile environment occurs when a person is subjected to verbal or physical conduct based on a protected class that is sufficiently severe, persistent or pervasive, and objectively offensive to alter the conditions of a person's employment or unreasonably interfere with a person's ability to participate in or benefit from CCCS educational programs or activities, from both a subjective and objective viewpoint.
- Quid Pro Quo is a type of sexual harassment that exists when an employee conditions the provision of aid, benefit, or service on an individual's participation in unwelcome sexual conduct, such as unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature.
- Sexual harassment includes, but is not limited to, dating violence, domestic violence, stalking, and sexual assault.

- Violent Behavior includes any act or threat of physical, verbal, or psychological aggression, or the destruction or abuse of property by any individual.
- A threat is defined as direct or indirect, verbal or non-verbal conduct (including those made in person, by mail, over the telephone, by email, or by other means) intended to result or reasonably resulting in intimidation, harassment, harm, fear or endangerment of the safety of another person or property.

of a student, or that destroys or removes public or private property, for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in a group, team, or organization. Additionally, any act that places a student in a subservient role within an organization is considered hazing. Participation or consensual cooperation by the individual(s) being hazed does not excuse the violation. Failing to intervene to prevent, failing to discourage, and failing to report those acts may also violate this code.

Indecent Exposure

Deliberately and publicly exposing one's intimate body parts, public urination, defecation, and public sex acts.

Retaliation

Firearms On Campus

In compliance with SBCCOE policy BP 19-10 concerning firearms on campus (May 1982), Red Rocks Community College is establishing this procedure for the safety of all individuals within the campus buildings and/or on campus grounds.

No person(s) will be allowed to carry firearms, explosives, oversized knives or any dangerous "look-alike" weapon and/or any dangerous weapon that could potentially harm an individual while within the buildings or on the grounds used by and controlled by Red Rocks Community College, use, or distribution of explosives (including fireworks and ammunition), guns (including air, BB, paintball, facsimile weapons, and pellet guns), or other weapons or dangerous objects, such as arrows, axes, machetes, nunchaku, throwing stars, or knives with a blade of longer than three (3) inches.

- Those with a valid concealed carry permit may carry concealed firearms only in campus parking areas, For further information, please consult the Campus Police Department.

- Possession of an instrument designed to look like a firearm, explosive, or dangerous weapon is also prohibited by this policy. Intentionally or recklessly using and/or possessing a weapon or any other item in such a way that would intimidate, harass, injure, or otherwise interfere with the learning and working environment of the College shall face increased consequences. For more information and compliance, see SP 19-10: Bullying/Violence/Firearms on Campus.

Violation of course, program, or activity rules:

Violation of established rules as contained in courses, programs activities, regulations, or guidelines and established by departments, regulatory boards, or licensing bodies, including all Housing and Residential Education policies, as applicable.

- Violation(s) have received the consent or encouragement of the organization or of the organization's leaders or officers.
- Violation(s) were known or should have been known to the membership or its officers.

Conduct meetings for student groups or organizations shall

also follow the Student Behavioral Expectations and Responsibilities Resolution Procedure. In any such action, individual determinations as to responsibility will be made and restrictions, conditions, and outcomes may be assigned collectively and individually and will be proportionate to the involvement of each individual and the organization. Procedures will begin with communication with the President or leadership of said organization.

Amnesty

Assisting an individual by calling for help in an alcohol or drug-related emergency means neither the person who calls for help nor the person who needs help will be subject to formal investigation nor receive a formal conduct record for their behavior. Students seeking assistance under these provisions may be required to meet with the SSAO and to complete educational, counseling, or other requirements aimed at addressing health and safety concerns. The requirements will be informal or on a deferred basis.

The student must fully comply with reporting to appropriate College officials for amnesty to be considered.

APPENDIX B

DEFINITIONS

Alternative Conflict Resolution

Alternative conflict resolution is a process of addressing differences that allow everyone involved to find a way to work together. Differences may be personal, financial, employment, political, emotional, or interpersonal. It is an alternative to a formal investigation of a reported violation. There are many types of alternative conflict resolutions that may be utilized to work through conflict that may arise. Examples include [1]:

Dialogue

Students engage in a conversation to gain understanding or to manage a conflict independent of intervention or third-party facilitation.

Conflict Coaching

Students seek counsel and guidance from the Division of Student Affairs to learn more about their own conflict styles and strategies to engage in conflict in a more effective and independent way.

Facilitated Dialogue

Students access the Division of Student Affairs for facilitation services to engage in a conversation to gain understanding or manage a conflict with another party. In a facilitated dialogue, parties maintain ownership of decisions concerning the conversations or any resolutions of a conflict.

Mediation

Students access the Division of Student Affairs to serve as a third party to coordinate a structured session aimed at resolving a conflict and/or constructing a resolution agreement for the parties involved.

Restorative Justice Practices (conferences, circles, and boards)

The Division of Student Affairs provides space and facilitation services for students taking ownership for harmful behavior and those parties impacted by the behavior to jointly construct an agreement to restore community.

Shuttle Diplomacy

A Resolution Coordinator actively negotiates an agreement between two parties who do not wish to directly engage with one another.

Complainant

The complainant is a person who is subject to alleged inappropriate or unlawful behavior.

For purposes of this procedure, a Complainant can be a CCCS employee, student, authorized volunteer, guest, or visitor.

Due Process

Due process provides a student reported to be in violation of the Code, a written notice of the allegation of misconduct, time to examine the evidence and formulate a response, and the opportunity to explain their version of events to the SSAO.

Notification

Notification is an email from the SSAO requesting a meeting. The email will be sent to the student's College issued email address and will outline the incident in question, process, and rights of the student.

Outcomes

Outcomes are assigned and used to develop an educational and restorative experience for individuals engaging with the conduct process. Outcomes may also be put in place to ensure the safety of an individual and/or the campus community.

Preponderance of the Evidence

The standard of proof that shows more likely than not that a violation occurred, based on what a reasonable person

would consider. This standard is utilized by the SSAO in the formal investigation process.

Reasonable Cause

Reasonable cause is defined as credible information that, if true, supports the proposition that a violation of the Code has occurred, including information provided by an anonymous source.

Reporting Party

Individual(s) who report an incident of concern and possible Code violation. Reporting parties could be students, faculty, staff, law enforcement, or community members.

Respondent

Individual(s) against whom the report was filed.

Resolution Coordinator

A Resolution Coordinator is a College official who is authorized by the SSAO to coordinate and conduct resolution.

Senior Student Affairs Officer (SSAO)

The individual designated by the College President to oversee student affairs and be responsible for administering the Code of Student Behavioral Expectations and Responsibilities. The SSAO may delegate some or all aspects of this procedure to another individual (designee/Resolution Coordinator). All references in these procedures to the SSAO include any designee.

Note: Previously referred to as Chief Student Services Officer (CSSO); other policies and procedures may also refer to this role as CSSO.

Student

Anyone who has been admitted within the prior three terms or who has completed a non-credit or academic course within the prior three terms. Withdrawal does not change student status. Students include those currently taking courses at or sponsored by the College(s), pursuing either credit or non-credit courses (or both), including those concurrently attending secondary or post-secondary institutions and College.

Third Party

An individual or group that is external to the incident or situation that is not directly involved.

All students at Red Rocks Community College have rights as students which are outlined below.

Freedom of Access to Higher Education

Red Rocks welcomes high school graduates or non-graduates 17 years or older who might benefit from our instructional programs and courses. High school students under the age of 17 may also have the opportunity to enroll through high school concurrent enrollment programs. Students under the age of 17 may apply for a “Waiver of Admissions Requirements” by contacting the office of the Vice President for Student Services. To be considered for underage admissions, students must complete a waiver application, take the Placement Test in the Assessment Center, and may be required to submit a monitored writing sample. Students under the age of 15 will only be considered if they have received a high school diploma.

Admission

Red Rocks has the right to review the applications of all persons wishing to enroll at the College. Those who do not appear to have the qualification to profit from instruction

may be denied admission to Red Rocks. When an applicant's qualification for admission is questionable, the Director of Enrollment Services will determine whether the applicant is to be admitted. The Director's decision may be appealed to The President of the College.

Continued Enrollment

Once admitted, if a student's actions on campus give reasonable cause to believe that he/she is unqualified to participate in the College's programs and activities, that student may be denied further enrollment at the institution. Such a decision will be made after an examination of issues associated with the student's behavior pattern. This may include consultation with professional staff members at the College as well as a medical or psychiatric evaluation at the student's expense by an outside consultant if necessary.

Classroom Rights

The instructor in the classroom and in the conference must encourage free discussion, inquiry, and expression. Student performance must be evaluated solely on an academic basis, not on opinions or conduct in matters unrelated to academic standards.

Protection of Freedom of Expression

Students are free to take reasoned exception to the interpretation of data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course in which they are enrolled.

Protection Against Improper Evaluation

Students have protection through orderly procedures against prejudiced or capricious academic evaluation. At the same time, they are responsible for achieving standards of

academic performance established for each course in which they are enrolled.

Protection Against Improper Disclosure

Information about students' views, beliefs, and political associations are considered confidential, and under no circumstances will become a part of their records or transcripts. Judgment of ability and character may be provided upon appropriate circumstances with the consent of the student, in cases where the student is a minor, or if legal mandates dictate.

Protection Against Sexual Harassment

Students have protection against sexual harassment by Red Rocks employees as well as other students as outlined in the College Affirmative Action and Equal Opportunities policies.

Protection Against Instructor Unavailability

Students have the right to expect faculty and advisors to post and maintain office hours.

Student Affairs

In student affairs, certain standards must be maintained if the freedom of the student is to be preserved.

Freedom of Association

Students bring to the campus a variety of interests previously acquired and develop many new interests as members of the College community. They are free to organize and join associations to promote their common interest, as long as they do not disrupt the College or violate its rules and regulations. The membership, policies, and actions of a student organization will be determined only by those persons who are enrolled as fee-paying students at

Red Rocks. Affiliation with extramural organizations is permitted provided the organization adheres to College policies, procedures, and regulations. Such organizations must be open to all students without respect to age, religion, national origin, or physical limitations (except for religious qualifications that may be required by the organizations whose aims are primarily sectarian). Campus advisors approved by the Student Life Director are required for each organization. If the student organization cannot secure an advisor, the resources of the Student Life staff may be utilized until an advisor is secured as required by the student organizational council regulations.

Advisors may advise organizations in the exercise of responsibility, but they do not have the authority to control the policy of such organizations. Student organizations are required to submit a statement of purpose, criteria for membership, rules or procedures, and a current list of officers as a condition of institutional recognition. A recognized club or organization may lose its official recognition and be suspended if the actions of its officers or members, or activities of the organization as a whole, violate College policies, procedures, or regulations.

Freedom of Inquiry and Expression

Students and student organizations are free to examine and discuss all questions of interest to them, and to express opinion publicly and privately. They shall always be free to support causes by orderly means that do not disrupt the operations of the College. In their public expressions or demonstrations, students and student organizations speak only for themselves. Student organizations may invite anyone they choose to speak or exhibit on campus, provided state and College policies and procedures are followed. If a political speaker is invited, candidates or

representatives of other political parties must also be given the opportunity to present. Institutional control of campus facilities may not be used as a device for censorship. Sponsorship of guest speakers does not necessarily imply approval of views expressed either by the sponsoring group or the institution.

Facilities and services of the College are open to all of its enrolled students provided they are used in a manner appropriate to the College community and in compliance with College procedures. The Student Center maintains information on policies and procedures for the use of facilities.

Student Participation in Institutional Government

As members of the College community, students are free, individually and collectively, to express their views on issues of institutional policy and on matters of general interest to the student body. The student body shall have clearly defined means to participate in the formulation and application of institutional policy affecting academic and student affairs. The role of the Student Government in both its general and specific responsibilities shall be made explicit and the actions of the Student Government shall be reviewed only through orderly and prescribed procedures.

Student Publications

Student publications and the student press are an invaluable aid in establishing an atmosphere of free and responsible discussion and intellectual exploration at the College. They are means of bringing student concerns to the attention of the faculty and institutional authorities, and of formulating student opinion on various issues at the College and in the world at large.

The institution, as the publisher of the student publication, may have to bear the legal responsibility for the content of

the publication. In the delegation of editorial responsibility to students, the institution must provide sufficient editorial freedom and financial autonomy for the student publications to maintain their integrity of purpose as vehicles for free inquiry and free expression in an academic community. Institutional authorities, in consultation with students and faculty, have a responsibility to provide written clarification of the role of student publications, the standards to be used in their evaluation, and the limitations of external control of their operation. At the same time, the editorial freedom of student editors and managers entails responsibilities to be governed by the canons of good journalism, such as the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and techniques of harassment and innuendo. As safeguards for the editorial freedom of student publications, the following provisions are necessary: The student press shall be free of censorship and advance approval of copy, and its managers and editors shall be free to develop their own editorial policies and news coverage. Editors and managers of student publications may not be arbitrarily suspended or removed because of student, faculty, administrative, or public disapproval of editorial policy or content. Only for proper and stated causes shall editors and managers be subject to removal, and then by orderly and prescribed procedures. The agency responsible for the appointment of editors and managers is the agency responsible for their removal. All student publications financed and published by the College must explicitly state on the editorial page of the publication that the opinions expressed are not necessarily those of the College or its student body.

Distribution of Literature

It is the intent of the College to provide for the exchange of ideas in an orderly fashion and without disruption to the

College. Red Rocks makes the distinction.

Off-Campus Freedom of Students

Red Rocks Community College students are both citizens and members of the College community. As citizens, students may enjoy the same freedom of speech, peaceful assembly and petition rights that all other citizens enjoy. As members of the College community, they are subject to the same obligations that accrue to them by virtue of this membership. Faculty members and administrative officials must ensure that institutional powers are not employed to inhibit the intellectual or personal development of students promoted by their exercise of rights of citizenship both on and off campus.
