

Learn the Basics of Personal Finance and Prepare to Live Your Best Financial Life at No Cost!

Build your knowledge in a topic that everyone encounters throughout life—money management. Boost your confidence in personal finance decision-making and learn healthy financial habits.

Complete the eight courses in the program (estimated at 60-90 minutes each) in the order you choose, according to your schedule. After successful completion of each course, you will receive an achievement badge. Earn all eight badges to receive the full Financial Education Microcredential.

The no-cost microcredential includes these benefits:

- ✓ **Credit Union of Colorado incentive**
The Credit Union of Colorado will reward learners who complete the program.
- ✓ **Intuit Personal Finance certification** Microcredential holders are eligible to sit for the Intuit Personal Finance certification exam, based on the Council for Economic Education (CEE) and JumpStart national financial education standards. This industry-recognized certification validates the mastery of personal finance skills.
- ✓ **Eligibility for Prior Learning Assessment** Students can apply to the Credit for Prior Learning (CPL) program at 13 community colleges in Colorado. CPL provides academic credit toward an associate degree or certificate.
- ✓ **Workforce preparedness** for careers in banking and personal finance.

The Foundation for Colorado Community Colleges and the National Endowment for Financial Education have partnered to offer the Financial Education Microcredential to community college students and staff.

Eight self-paced online courses

Each course has a curated curriculum explaining the basic elements of personal finance. Confidence in financial decision-making builds with each course that you complete.

- Banking
- Budgeting
- Credit
- Earning
- Insurance
- Investment
