Per BP 4-20, this referendum concerns a student activity fee for health services. Student activity fees are defined as: Mandatory fees associated with enrollment in the college and/or campus that are assessed for a specific purpose. These fees include, but are not limited to, student centers, athletics, student government, contract health services, and/or similar services and facilities; non-bonded parking fees; and any general fee, the revenue from which is appropriated by student government for a specific purpose.

The Proposed Fee is to be effective starting in Fall 2026, and will be charged for an Indefinite Period. The Proposed Fee will be adjusted for inflation pursuant to the Consumer Price Index on an annual basis.
