AA: Additional Catalog Requirements

Updated 5/17/21 DWM

The State-Guaranteed Colorado Community College General Education requirements and the Approved Elective Transferable courses have been incorporated into this AA degree. Completion of the degree with a “C” or better in every course, guarantees that the student can transfer, upon admission, to any Colorado public 4-year college or university with the appropriate 60 transferable credits. Grades “C” or better are required for all general education coursework. “D” grades for elective courses will count for degree completion, but will not transfer. In addition, a minimum 2.0 cumulative grade point average is required for degree completion. This is an open-ended degree plan, allowing students to tailor their coursework toward a particular transfer institution and/or major. Please refer to other degree offerings for specific articulations and designations.

When choosing general education requirements and electives, it is important to contact an advisor and the college or university where you intend to transfer. You will graduate under the catalog requirements listed for the semester in which you were first enrolled. If you interrupt attendance for two consecutive semesters (excluding summer term) or more, and then return, the catalog pertaining to the semester of re-admission is the governing document. You may also choose to use the catalog that is in effect the semester you graduate. Be sure to obtain and keep a copy of the catalog governing your degree.

Approved Electives – (6-17 credits including those used for Multicultural & Global Diversity) Transferable Courses for the Associate of Arts Degree

These courses transfer to one or more of the public four-year colleges or universities in Colorado. All courses will count toward the AA degree. However, transferability depends on the four-year institution. Additional courses may be transferable. For specific information, please consult an advisor in the Advising Center. SWK 120 will only be accepted as elective credit toward this AA degree.

(*) Some colleges may only accept a maximum of 3 credits combined from DAN/PED/OUT/REC

Other AA Degree Requirements

1. A minimum of 60 credits is required for the Associate of Arts Degree. This must include 37-42 credits in general education transfer courses, which includes COM 115 or 125 (3 credits), 9 credits of Social Work requirements, a 3 credit Global Diversity course, a 3 credit Multicultural course and 6-17 credits in the areas specified above in approved electives. These must be college-level transfer courses and may include no more than 3 credits in physical education (PED), outdoor education (OUT), and/or recreation (REC) – see approved electives above. Please see an advisor in your area of emphasis for specific course suggestions.
2. If you are planning to transfer to Metropolitan State University, you should consult an advisor in the Social Work program for assistance in planning your transfer coursework. Metro State University of Denver will accept up to 64 credits in transfer.
4. You must complete a minimum of 15 credits through Red Rocks Community College
5. You must file an Application for Graduation during the term in which you intend to graduate, according to the deadline published in the Class Schedule for that term (file in Admissions). You must apply to graduate within one year of completing requirements.
6. SWK 100 and 120 only apply toward this transfer agreement and will not be considered for any other Associate of Arts or Science degree.
7. There is no limit on special-topic courses allowed to count toward an AA degree. In individual cases, the limit will be determined by the program area. If you are taking special-topic courses, you should consult with your advisor regarding how these credits will apply toward a degree.
8. To earn multiple Red Rocks degrees, you must complete an additional 15 credits of coursework (above and beyond the original 60 credits required for the first degree) for each successive degree. These 15 credits must all apply toward the additional degree and must be completed through Red Rocks.
9. With the approval of a faculty advisor and an instructional vice president, up to 3 credits of internship may apply toward this degree.
10. **Metropolitan State University of Denver (MSUD) will require you to take SWK 1600, Community Engagement & Civic Responsibility at MSUD during the summer semester after graduation from Red Rocks before starting the Social Work program in the fall semester.**
