NGAR 0-254	Please see the Learning Collaborative office in the Learning Commons or http://www.rrcc.edu/the-learning-collaborative

The Accuplacer test is used by public two- and four-year colleges and universities in Colorado to correctly place you in coursework, as you begin taking classes. If you have taken qualifying college-level coursework you would like to use for placement purposes, you may provide an official transcript to the Student Records Department to have that information reviewed.

ACCUPLACER RETEST POLICY

The exam can be taken up to three times before the first semester of enrollment.

For all subsequent semesters, you are allowed one opportunity to retest.

Retests can be given as soon as the following business day after the first, second and third tests.

Retests cannot be given on the same day according to the College Board.

A Student ID number (S#) and a valid, government–issued photo ID are required for all Accuplacer tests, including retests.

Accuplacer study guides can be found at www.accuplacer.org, click on the “Information for Students” button for paper study guides or download the official free web-based study app at accuplacerpractice.collegeboard.org.
