

“Since Red Rocks and my geology courses, I have been permanently instilled with a love for geology. I draw often from what I learned during that time and look back at notes I took in those classes.”

- Former RRCC Geology Student

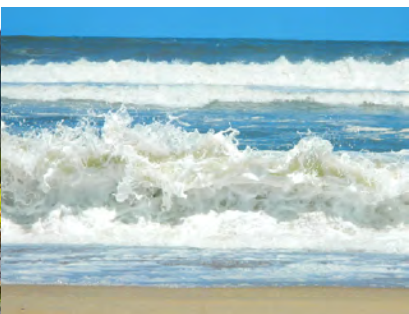

GEOLOGY ROCKS!

AT RED ROCKS

Coursework
in **Geology** provides preparation for Careers in many fields, including:

- ▶ Oil + Gas
- ▶ Mining
- ▶ Oceanography
- ▶ Seismology
- ▶ Hydrology
- ▶ Glaciology
- ▶ Volcanology
- ▶ Land Management
- ▶ Environmental

Either individual courses or a complete AS Degree with Designation in Geology may meet your needs.

Alumni of our program say:

“Every topic in the physical geology course has already had an applicable increase in my understanding and job performance.”

“I didn't realize how much I had learned until I had to apply it in my internships at museums and elsewhere.”
