

# SMARTTRACK

## ASSOCIATE DEGREES

With Smart Track, we've done all the legwork of scheduling for you! These associate degrees offer a two-year sequence of courses that are arranged and waiting for you to register...and they are guaranteed to run, regardless of enrollment. Once you've enrolled in a Smart Track degree, you'll have your schedule of courses in advance, so you know where you can fit in work and other commitments. Smart Track degrees make it easier for you to complete your degree in two years to start your career or transfer. All Smart Track courses are offered Monday through Thursday during the day.
