

# National Community College Conference on Service Learning & Community Engagement

**May 18 & 19, 2018**

Friday Pre-conference: 9am - Noon | Afternoon Sessions: 12:30 - 5pm

Reception & Poster Session: 5pm - 6:30pm | Saturday: 8am - 4pm

This dynamic and relevant event is an opportunity for community college faculty, staff, and administrators to network and learn about promising practices in the field of service learning and community engagement. The theme of the conference, Service Learning for the Public Good, speaks to the importance of the work that community colleges do every day: reaching and teaching diverse populations; offering opportunities to convene around important local, regional, and national issues; helping students succeed academically and in their chosen careers; and working hand-in-hand with local organizations to build reciprocity in community partnerships. At a time of change in our national and international spheres, we invite you to participate.

## Why Sponsor?

- Give community college service learning professionals the chance to find you.
- Over two full days of exhibit time to promote your product or service.
- Establish your company as a leader in the field.
- Showcase your personnel as subject matter experts.
- Network for other professional opportunities.

## Attendees Include:

- Community College Faculty
- Community Engagement Staff
- College Administrators
- Community Partners
