

Strategic Challenges and Strategic Issues

HLC Standards

Strategic Challenges

- For the Systems Appraisal, the peer reviewers are asked to identify 3-5 general areas for improvement overall
- These are overarching concerns that can be found across Categories

Strategic Issues

- In considering each Category, the reviewers identify issues the institution should address in improving its quality
- This is part of the general feedback on the Categories as a whole.

Importance

- Peer reviewers will be checking to see how we address the Strategic Challenges and Strategic Issues.
- These will be addressed in the Quality Highlights Report.
