## **Course Delivery Options**

In addition to our regular 15-week class sessions, we have a variety of other scheduling options:

### *Accelerated*

Accelerated courses compress full-semester courses into a shorter time frame, often restructuring a 15-week semester into a 7-week format.

### *CCCOnline*

CCC (Community Colleges of Colorado) Online combines online courses from the 13 Colorado community colleges on a single website. You can complete classes toward an Associate of Arts, or Associate of Science, or complete an entire degree online. Find a complete list of courses and all the information you need for registration, ordering textbooks, and making payments at [www.cconline.org](http://www.cconline.org).

### *Colorado Online®*

Colorado Online is a bridge from the student's home-college to additional online courses and learning

opportunities available at other CCCS colleges. Learn more about Colorado Online at <https://cccs.edu/new-students/explore-programs/colorado-online/>.

### *Honors List*

The Honors List recognizes those who have achieved an outstanding level of academic success at RRCC. The Honors List designation is recorded on your official academic transcript and will be noted in the annual Commencement Program. This designation is based on the cumulative GPA for your graduating semester (summer/fall) and at the close of the preceding semester for spring graduates. The diploma and transcript Honors List designation is based on the cumulative GPA achieved after successful completion of all degree/certificate requirements.

To receive this academic honor, you must be graduating and have:

- Must be graduating in the current spring semester or have graduated the previous summer or fall semester.
- Must have earned, for all credits, a cumulative grade point average (GPA) of 3.85 or higher by the graduating term to be recognized during the graduation ceremony.
- Must have earned an overall cumulative GPA of 3.85 for all courses taken at RRCC for designation on the transcript and diploma.
- Must have taken at least 15 credits of coursework through RRCC.
- Must have completed the requirements for an Associate of Arts, Associate of Science, Associate of General Studies, or Associate of Applied Science degree; or have completed a certificate program containing at least 30 credits. For more information call: 303-914-6496

### *Hybrid*

Hybrid courses at RRCC combine in-class instruction with online learning components or other out-of-class activities.

### Online Desire2Learn (D2L) Assistance

Students with Desire2Learn (D2L) problems, technology issues, and online course questions can contact:

- **RRCC Instructional Technology Office**  
Monday to Friday, 9 AM to 5 PM  
Phone: 303-914-6606  
Email: [elearning@rrcc.edu](mailto:elearning@rrcc.edu)
- **Contact 24x7 CCCS Help Desk**  
Phone: 1-888-800-9198  
Visit: <http://help.cccs.edu>

### *Online Classes*

All 100% online courses can be taken anywhere there is a reliable Internet connection. They enable students to complete full-semester courses (and some accelerated courses) without having to log on at any particular time or day or attend any on-campus meetings. The courses are led by instructors and follow similar timelines as on-campus classes.

### *Self-Paced Courses*

Self-paced courses are built around the student's schedule and are thus student-directed. Terms of a self-paced course are set by the instructor and student at the beginning of the term, and the student will need to adhere to those terms to complete the requirements within the semester.

### *Service Learning*

Service-learning courses enable students to enrich their academic learning with community experience. Service-learning courses may require a commitment to activities

outside of the scheduled class sessions.

### *Weekend Classes*

Weekend courses are typically accelerated courses that meet Fridays, Saturdays, and/or Sundays. Depending on the credit load, weekend courses may be completed in a single day or over several weekends.

### **Diversity, Equity, Inclusion, & Belonging**

At RRCC we strive to create a community in which everyone feels respected and valued for their unique talents and contributions. The Diversity, Equity, Inclusion & Belonging department provides programming, mentoring, referrals, and education around diversity and inclusion. For more information, email [jen.macken@rrcc.edu](mailto:jen.macken@rrcc.edu) or [DEIB@rrcc.edu](mailto:DEIB@rrcc.edu).

### **Drops and Withdrawals**

It is important to know the drop and withdrawal dates for all your classes. You can find out what your drop and withdrawal dates are by looking at your detailed student schedule in The Rock. All students should print out a detailed student schedule with drop and withdrawal dates any time they register for a class or make changes to their registration.

### *Attendance:*

To benefit the most from your instruction, attend each class, come to class prepared, arrive on time, submit assignments when due, and take exams when scheduled. In addition, comply with attendance policies set by individual instructors.

If you do not establish attendance in a course before the drop date you could be reported as a "No Show" by the instructor and dropped from the course. For an online course, you must log in and complete a gradable

assignment before the drop date or you could be reported as a "No Show" by the instructor and dropped from the course.

**NOTICE:** To drop a class, you must do so by the drop date for that class. Classes dropped after the drop date and prior to the withdrawal date result in a "W" grade and are considered a withdrawal. You are responsible for full payment of any withdrawal. Withdrawals can also impact your eligibility for financial aid and may require repayment of financial aid funds.

### **Entrepreneur Center**

Entrepreneurship at Red Rocks supports the growing innovation and entrepreneurship ecosystem at RRCC by connecting students to resources in our surrounding communities. Entrepreneurship at RRCC advances equity and diversity through experiential opportunities, workshops, competitions, and networks. Aspiring entrepreneurs can talk through their business plan, seek connections to resources and grow their network.

**For more information contact: [jamal.bowen@rrcc.edu](mailto:jamal.bowen@rrcc.edu).**

Experiential learning can help you learn more about the world of work and what you want to do after graduation as well as give you the experience and skills to add to your resume and make you more marketable in the job market.

**Visit: <https://www.rrcc.edu/career-services/experiential-learning> for more information.**

If a student on Academic Probation earns a term GPA of less than 2.0 for all classes attempted, the student will be suspended and will not be allowed to enroll at any CCCS college for the next term without “waiting out” the required number of terms, excluding summer as a “wait out” term.

## **Suspension Rules**

Summer term may not be used as a “wait out term”.

### *Notification of Rights Under FERPA for Post-Secondary Institutions*

## **Family Educational Rights and Privacy Act of 1974**

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. FERPA rights are afforded to the students at the time of admission. These rights include:

- The right to inspect and review your education records within 45 days of the day Red Rocks Community College (RRCC) receives an access request. You should submit to the Associate Registrar, a written request that identifies the record(s) you wish to inspect. The Associate Registrar will make access arrangements and notify you of the time and place where the records may be inspected. If the records are not maintained by this office, you will be advised of the correct official to whom the request should be addressed.
- The right to request the amendment of your education records that you believe are inaccurate, misleading, or otherwise in violation of your privacy rights. If you wish to ask RRCC to amend a record, you should write the Associate Registrar of Student Records who will notify the college official responsible for the record; and clearly identify the part of the record to be changed and why it is inaccurate or misleading. If the College decides not to amend the record as requested, the College will notify you in writing of the decision and your right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- The right to provide written consent before RRCC discloses personally identifiable information from your education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to College officials with legitimate educational interests. A College official is a person employed by the College in an administrative, supervisory, academic, research, or support staff position (including law enforcement, unit personnel, and health staff); a person or company with

whom the College has contracted as its agent to provide a service instead of using college employees or officials (such as an attorney, auditor, or collection agent); another system college; a person serving on the College Board; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks, the National Student Clearinghouse, state or federal authorities, and accrediting agencies. A College official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibilities for the College. Upon request, the College discloses education records, without a student's consent, to officials of another school, in which a student seeks or intends to enroll or after enrollment.

RRCC may share educational records with parents in the following circumstances: for a student who is dependent under the I.R.S. tax code, a student under 21 years old who has violated a law or the school rules or policies governing alcohol or substance abuse, and when the information is needed to protect the health or safety of the student or other individuals in an emergency.

The Colorado Community College System considers the following to be directory information: your name, major field of study, participation in officially recognized activities and sports, dates of your attendance, degrees/certificates and awards earned, most recent educational institution attended, and enrollment status (full time, part-time, etc.). RRCC staff may disclose this information, without prior consent, to anyone inquiring in person, by phone, or in writing. Additionally, name, address, phone number, birth date, level of education, field of study, and degree received

may be released to military recruiters upon request by the Solomon Amendment.

All other information contained in your records is considered private and not open to the public without your written consent. If you do not want your directory/public information released to a third party, you may sign a “Directory Restriction” form. This form will remain in effect until you cancel the request for nondisclosure. For more information contact Student Records at 303.914.6254.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is: the Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW Washington, DC 20202-5901

As of January 3, 2012, the U.S. Department of Education’s FERPA regulations expand the circumstances under which your education records and personally identifiable information (PII) contained in such records — including your Social Security Number, grades, or other private information — may be accessed without your consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities (“Federal and State Authorities”) may allow access to your records and PII without your consent to any third party designated by a Federal or State Authority to evaluate a federal or state-supported education program. The evaluation may relate to any program that is “principally engaged in the provision of education,” such as early childhood education and job training, as well as any program that is administered by an education agency or

institution. Second, Federal and State Authorities may allow access to your education records and PII without your consent to researchers performing certain types of studies, in certain cases even when we object to or do not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive your PII, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without your consent PII from your education records, and they may track your participation in education and other programs by linking such PII to other personal information about you that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

### **Smoking and Tobacco Policy**

State Executive Order Making RRCC A Tobacco-Free Campus on July 1, 2019, On November 2, 2018, the Governor of Colorado enacted an Executive Order making all State owned or leased buildings and grounds 100% tobacco-free. The campuses of the Colorado Community College System are covered by this order. On July 1, 2019, the policy will go into effect on the Red Rocks Community College (RRCC) campuses/properties. The information, below, has been provided to support students, staff, faculty, and visitors in understanding and preparing for this policy change.

#### **What is included in the executive order?**

The Governor's Executive Order (B 2018 011) states that the "sale and use of tobacco products, vaping products, and e-cigarettes are prohibited in all buildings and on all

grounds owned or leased by the state.” To read the full Executive Order visit <https://www.rrcc.edu/tobacco-free>.

Not included in the order are nicotine replacement therapies (nicotine patches, gum, lozenges, inhalers, etc.) approved by the Food and Drug Administration (FDA) for tobacco cessation.

### **How will this affect RRCC campuses?**

RRCC is committed to providing an environment for students, faculty, staff, and guests that is conducive to learning and working and that promotes the health and well-being of all members of the community. As part of this commitment, RRCC campuses will be tobacco-free beginning July 1, 2019, in alignment with and support of the intention of the State Executive Order.

Having a campus environment where all staff, students, faculty, and visitors are welcomed, valued, and respected is of utmost importance.

### **Where students, faculty, staff, and visitors can/cannot use any form of tobacco:**

Starting July 1, 2019, smoking and vaping in any form (cigarettes, pipes, water pipes/ hookah, electronic smoking devices, etc.) and all other forms of tobacco use (use of chew, snuff, snus, dip, etc.) is prohibited on all properties of RRCC, including in buildings, parking lots, recreational areas, and all areas currently designated for tobacco use. Use is permitted only in areas that are not State/RRCC property. Reminder: The Cities of Arvada and Lakewood prohibit smoking/vaping at public transit waiting areas (bus stops/shelters, light rail platforms, etc.).

It is the hope of campus leadership that punitive enforcement activities are rarely if ever needed.

- Any online postings or other electronic communication by students, including cyber-bullying, cyber-stalking, cyber-harassment, etc., occurring completely outside of the System or the College's control (e.g., not on System or College networks, websites, or between System or College email accounts) will only be subject to this procedure when those online behaviors can be shown to cause a substantial on-campus disruption. Otherwise, such communications are considered speech protected by the First Amendment to the Constitution.

### *Equity Statement*

The Colorado Community College System is committed to a procedure of equity and justice. We accept the responsibility to create an environment free from discrimination.

### *Student Code of Conduct*

#### **Initiating a Conduct Process**

Any member of the System community may allege a violation by any student of the Code by reporting the matter to the appropriate SSAO. The SSAO manages reports of Code violations made under this procedure and may delegate this responsibility. Students, faculty, instructors, staff, authorized volunteers, and guests are encouraged to report behavior that potentially violates the Code or that may be criminal in nature. Formal reports can be made by completing a College incident report.

If the conduct is believed to be criminal in nature, the SSAO should immediately report the alleged violation to campus law enforcement or security or external law enforcement.

There is no time limit on reporting violations of the Code; however, the longer someone waits to report, the harder it becomes for College officials to obtain information and

witness statements and to make determinations regarding alleged violations. Anonymous complaints are permitted, though doing so may limit the College's ability to investigate and respond to a complaint effectively.

Complaints, concerns, or reports without reasonable cause will not be pursued. Upon receipt of the report, the SSAO or designee shall review the matter to determine if it alleges sufficient information to support reasonable cause that a violation has occurred. If so, the SSAO shall promptly notify the Complainant (if any) and the Respondent in writing of the allegations and any interim action that is being imposed. Should a student withdraw from the institution before the conclusion of the conduct process, the College will proceed with or without the student's involvement.

The SSAO will identify a conduct resolution pathway as outlined below based on the nature of the allegations and input from the involved parties. Decisions made by the SSAO shall be final unless subject to appeal. Any outcomes and restrictions imposed take effect immediately unless the SSAO agrees to delay or stay the outcome.

Proceedings initiated under this procedure are separate from civil or criminal proceedings that may relate to the same incident. Investigations or conduct proceedings by the College are not postponed while criminal or civil proceedings are pending unless otherwise determined by the SSAO.

### **Interim Actions**

The SSAO, in consultation with appropriate administrative personnel, may implement interim actions intended to protect the safety and well-being of the CCCS community; preserve CCCS property; address the effects of the reported behavior; and prevent further violations while the

matter is under review or investigation. Interim actions may include, but are not limited to:

### **Interim No Trespass**

The SSAO may issue a “Cease Communications,” “No Contact,” and/or “No Trespass,” directive, also referred to as a persona non grata.

### **Interim Suspension**

This interim suspension includes attending classes and events pending a final outcome. This interim suspension begins immediately upon notice from the SSAO. In cases where a student is banned from campus on an interim basis, they will be subject to immediate arrest for trespass if they are on campus until the exclusion has been lifted. A meeting with an SSAO is then scheduled as soon as possible to determine the appropriate conduct resolution pathway. Any other outcome listed in this procedure below may also be imposed on an interim basis.

In all cases in which an interim action is imposed, the individual will be allowed to meet with the SSAO prior to such action being imposed, or as soon thereafter as reasonably possible, to show cause why the interim action should not be implemented. The SSAO shall have sole discretion to implement or stay an interim action, and to determine its conditions and duration. Violation of an interim action may be grounds for imposition of an outcome, up to and including expulsion.

### **Alternative Conflict Resolution**

The SSAO, in consultation with the involved parties, may determine that informally resolving student conduct matters through an alternative conflict resolution process is appropriate to resolve the reported concerns. The primary focus during alternative conflict resolution remains the welfare of the parties and the safety of the CCCS

community, but it does not involve a formal investigation.

Alternative conflict resolution includes but is not limited to, dialogue, conflict coaching, mediation, restorative justice, or shuttle diplomacy. Alternative conflict resolution works best when students take responsibility for their actions, have a desire to restore the impact created by the incident, and actively participate in deciding and agreeing upon an outcome. If a resolution is reached, the matter will be closed without an opportunity for an appeal.

At any time during the alternative conflict resolution process, the SSAO may elect to initiate a formal investigation as deemed appropriate to resolve the matter. The parties can elect to cease the alternative conflict resolution process at any time before it concludes and proceed with a formal investigation.

### **Formal investigation**

Where a formal investigation is designated, the SSAO shall investigate the allegations, provide the Respondent an opportunity to be heard, and render a decision as outlined below:

### **Investigation**

The SSAO shall provide the Respondent an opportunity to respond to the allegations either by meeting with the SSAO to discuss the allegations or by submitting a written response, or both. The Respondent will have the opportunity to be advised by a personal advisor of their choice, at their expense, at any stage of the process and to be accompanied by that advisor at any meeting. An advisor may only consult and advise their advisee, but not speak for the advisee at any meeting or hearing. The SSAO may remove or dismiss an advisor who becomes disruptive or who does not abide by the restrictions on their participation. The SSAO may also conduct any other investigation, such

as meeting with the Complainant (if any), meeting with other relevant witnesses, and evaluating relevant documents, information, and evidence.

### **Decision**

Once the investigation is complete, the SSAO shall render a decision as to whether a violation of the Code has occurred. The determination shall be based on the preponderance of evidence standard: whether it is more likely than not that the student violated the Code. The decision shall address whether alleged conduct occurred; whether and how the conduct violated the Code; and impose an outcome, if appropriate. Notification of the decision in writing will be provided by the SSAO to the Respondent and any other involved parties, as appropriate. The decision will include information regarding the applicable appeals process. The decision is part of the student's educational record.

### **Outcomes**

The following outcomes can be implemented by the SSAO as a result of finding a violation in the formal investigation process or as part of an agreed upon alternative conflict resolution. These outcomes are intended to develop an educational and restorative experience for individuals engaging with the conduct process. These outcomes may also be put in place to ensure the safety of the individual and/or the CCCS community. Outcomes will be effective immediately upon notice to the student, except that the SSAO may delay or stay the effective date, at their discretion, upon request from the student (e.g., it may be appropriate to stay an outcome pending the resolution of an appeal).

### **Loss of Privileges**

The student will be denied specific privileges for a designated period of time, from one to three semesters or one academic year. Building/Access Restriction: The

student will be denied access to specific campus locations, from one to three semesters or one academic year.

### **Restriction on Visitation Privileges**

Restrictions that may be imposed on a residence hall student or non-residence hall student. The parameters of the restriction will be specified.

### **Eligibility Restriction**

The student is deemed “not in good standing” with the College for a specific period of time, from one to three semesters or one academic year. Specific limitations or exceptions may be granted by the SSAO, and terms of this outcome may include, but are not limited to, the following:

- Ineligibility to hold any office in any student organization recognized by the College or maintain an elected or appointed office at the College.
- Ineligibility to represent the College in any way, including, but not limited to participating in the study abroad program, attending meetings, or representing the College at an official CCCS function, event, or intercollegiate competition as a player, manager, or student coach, etc.

### **No Contact Orders**

If a “no contact” order is issued, it is the responsibility of the student not to have any contact with the individual(s) named in the order, directly or through third parties, or electronically/online until the order is officially removed by the SSAO. College Housing Reassignment: Reassignment to another College housing facility.

### **Restitution**

Compensation for damage caused to the College or any individual’s property. This could also include situations such as failure to return a reserved space to proper condition,

including labor costs and expenses. This is not a fine but, rather, a repayment for labor costs and/or the value of property destroyed, damaged, consumed, or stolen. Referral for Treatment/Assessment: These include, but are not limited to, alcohol or drug education programs, anger management, or other relevant assessment and treatment programs. Some outcomes may include a cost or fee. College/Community Service Requirements: Completion of a specific supervised College/Community service.

### **Confiscation of Prohibited Property**

Items whose presence is in violation of College policy (pipes, bongs, weapons, etc.) will be confiscated. Prohibited items may be handled, disposed of, or returned to the owner at the discretion of the SSAO.

### **Educational Program/Project**

Requirement to complete an educational or reflection project designed to support students in their understanding of the overall impact of their behavior, or a requirement to attend, present, and/or participate in a program related to the violation. It may also be a requirement to sponsor or assist with a program for others on campus to aid them in learning about the violation for which the student was found responsible. Audience may be restricted.

### **Warning**

An official notice that misconduct has occurred and/or that future specific behavior could result in more severe restrictions, conditions, and outcomes.

## **Probation**

A period of time in which the privilege of continuing as a student is conditioned upon meeting certain requirements. Any violation or failure to comply with restrictions while on probationary status could be escalated for further outcomes, including removal from CCCS. Additionally, students on probationary status typically will be required to meet with SSAO or other College personnel for follow up meetings. Probationary status may range from one semester up to the duration of time at CCCS.

## **Suspension**

Separation from a College for a specific minimum period of time, after which the student is eligible to petition the SSAO for permission to return. Eligibility for return may be contingent upon satisfaction of specific conditions. The student is required to vacate the campus immediately upon receipt of notification of a suspension. During the suspension period, the student is restricted from College property, functions, events, and activities without prior written approval from the SSAO. Additionally, students may be suspended from one class period per incident by the responsible faculty member or instructor without triggering this procedure. Any longer suspension must be referred to the SSAO.

## **Expulsion**

Permanent separation from CCCS. The student is banned from CCCS College properties and the student's presence at any CCCS-sponsored activity or event is prohibited. This action may be enforced with a trespass action as necessary.

## **No Trespass**

The College may issue a “No Trespass” directive, also referred to as a persona non grata.

## **Other**

Additional or alternate restrictions, conditions, or outcomes that promote reflection and holistic student development (e.g., creative expression, community restoration project) may be created and designed as deemed appropriate to the violation.

## **Appeal of Formal Investigation Decision**

A student found responsible for violating the Code through the formal investigation process has a right to appeal if suspension or expulsion is imposed.

If an outcome other than suspension or expulsion is imposed as a result of a formal investigation, a student may request in writing a discretionary appeal to the designated Appellate officer. A request for a discretionary appeal must be in writing and submitted to the Appellate officer within five (5) business days of the notice of decision. The Appellate Officer must notify the student in writing of whether the appeal will be permitted and if permitted, the below appeal deadlines apply from the date of that decision.

All appeals must be made in accordance with the procedures outlined in this section.

## **Important Information about Appeals**

The appeal is the final step in the conduct process. An appeal does not provide a second meeting or review of the case. The appeal process will be based on the existing record and the appeal criteria. Situations may occur that shift the timeframe of the appeal process. Considerations will be given for extenuating circumstances, including but

not limited to, College holidays, family crisis, trauma, and medical/non-medical emergencies. Any extensions are made at the discretion of the SSAO. Students are encouraged to consult with the SSAO and external resources about the appeal process prior to submitting the request for an appeal.

### **Appeals Criteria**

A student may only appeal upon one or more of the following grounds:

- A material procedural error occurred that significantly impacted the outcome of the factual findings, outcomes, or both (e.g., substantiated bias, conflict of interest, or material deviation from established procedures).
- There is new information, unavailable during the formal investigation that could substantially impact the decision or the outcome. The new information must be included with the student's request for appeal and the student must show that the new information was not known to them at the time of investigation. Failure to participate in the initial investigation does not constitute new information for the appeal process.

### **Initial Review of Appeal**

Regardless if a case is appealed, all outcomes imposed in the case will go into effect immediately unless they are officially stayed pending the appeal decision.

Appeals must be filed in writing within ten (10) business days of the notice of the initial conduct decision or decision allowing discretionary appeal. A student may file a written appeal by completing and submitting the College's appeal form, if applicable, and sending it to the Appellate Officer. It

is the student's obligation to provide any and all materials for consideration at the time of appeal submission. Subsequent information and/or revisions to the appeal after initial submission will not be accepted.

Upon receipt of an appeal, the Appellate Officer shall conduct an initial review to determine if the appeal meets the limited appeals criteria and is timely. The student will receive notification about the decision of the initial review of the appeal within five (5) business days of receipt of the student's appeal. If the appeal is found to meet these criteria, the Appellate Officer shall give written notice to other involved parties, if applicable, to allow the other parties an opportunity to provide a response to the appeal.

### **Appeal Determination**

If it is determined an appeal meets the appeal criteria, the Appellate Officer will review the appeal. In reviewing the appeal, the Appellate Officer may only consider the information contained in the record of the case but may seek clarification of the decision rendered by the SSAO. Upon review of an appeal, the Appellate Officer shall have the authority to: Deny the appeal and affirm the initial decision and outcomes. Find that a material procedural error occurred (e.g., substantiated bias, material deviation from established procedures) that impacted the outcome and refer the case back to the SSAO or an alternate designee with instructions to reconvene the investigation and/or the Appellate Officer may otherwise correct the procedural error.

Find that the student has presented new information that is material to the decision or outcome of the case. Upon this finding, the Appellate Officer shall conduct or request appropriate additional steps (such as requesting additional investigation by the SSAO) and/or modify the decision and

outcome accordingly. The Appellate Officer will notify the student in writing of the decision, typically within ten (10) business days of completing the review.

During this appeal process, if the Appellate Officer requires additional time, they shall promptly notify the parties.

### **Student Records**

Student conduct records will be maintained in accordance with the Family Educational Rights and Privacy Act (FERPA) and SP 4-80a, Student Educational Records and Directory Information. Generally, student conduct records are sealed seven (7) years after a final decision is delivered in the resolution process, except as required by law.

Student conduct records may be sealed earlier by the SSAO upon written request from the student. Conduct records that result in a separation from the College (suspension or expulsion) and those that fall under Civil Rights, including a Title IX investigation, will be maintained for seven (7) years.

### **Financial**

Students who are suspended or expelled as a result of the conduct process will not receive a refund of any tuition, fees, or other charges, and will be responsible for any outstanding balances owed to the College. Students who are terminated from housing will be responsible for fulfilling their housing and dining contract fees, if applicable.

### **Retaliation**

It is a violation of this procedure to engage in retaliation, such as taking adverse employment or educational action, against any person who reports an incident of a Code violation or because of the person's participation, or perceived participation, in any aspect of this procedure. Retaliation includes acts to intimidate, threaten, coerce, or discriminate against any individual for the purposes of interfering with any right or privilege provided by this

procedure.

### **Revising this Procedure**

CCCS reserves the right to change any provision or requirement of this procedure at any time and the change shall become effective immediately.

## **APPENDIX A**

### **Code of Student Behavioral Expectations and Responsibilities Statement (Code)**

A College community is defined by its values for learning, teaching, and service that reflect academic excellence, holistic student development, and societal impact. To guide student success, the Colorado Community College System (CCCS) has created the Code of Student Behavioral Expectations and Responsibilities (Code), which includes standards of behavior that support an engaged learning environment for all students.

The Code embraces the institutional values of integrity, excellence, learning, diversity, intellectual freedom, and equal opportunity, and is rooted in conflict resolution practice to support students in resolving their own conflicts.

Each College's Student Affairs Division is authorized to enact the Code and utilize the Code procedures to support students while holding them accountable for the behavior that supports the College's mission and vision. The outcomes of the student conduct process are designed to assist students in their development, help them think through their moral and ethical decision-making, and realign their behavior with the College's community expectations. In certain incidents, this may involve separation from the College either temporarily or permanently.

Outcomes are assigned based on the severity of the violation, cumulative conduct history, and educational needs

of the student.

Students at each College are provided a copy of the Code and are responsible for reading and adhering to the Code. The Code in no way creates a contractual obligation and CCCS reserves the right to revise the procedure at any time.

### **The Code**

The College considers the behavior described in the following subsections as inappropriate and in opposition to the values of the College community. These responsibilities apply to all students including continuing education. The College encourages and expects students, faculty, and staff to engage as active bystanders and report to College officials incidents that involve the following behaviors. Any student found to have violated or to have attempted to violate the following responsibilities may be subject to the conditions, restrictions, and outcomes outlined in SP 4-30a, Student Behavior Expectations and Responsibilities Resolution Procedure.

The following section is organized alphabetically by violation followed by an explanation.

- Inappropriately influencing any member of the campus community with conduct authority prior to, during, and/or following a campus conduct proceeding. Influencing or attempting to influence another individual to commit an abuse of the campus conduct process.

### **Academic Integrity**

Plagiarizing, cheating, or committing any other form of academic misconduct including, but not limited to, unauthorized collaboration, falsification of information, and/or helping someone else violate reasonable standards for academic behavior. Students who engage in any type of academic dishonesty are subject to both academic consequences as determined by the instructor and to outcomes as set forth in the Student Behavioral Expectations and Responsibilities Resolution Procedure.

### **Cheating**

The act of using or attempting to use an examination or other academic work, material, information, or study aids which are not permitted by the instructor. Cheating includes, but is not limited to:

## **Discrimination and Harassment**

Discrimination is any distinction, preference, advantage, or detriment given to a person based on one or more actual or perceived protected classes. Harassment is a form of discrimination that includes Quid Pro Quo and Hostile Environment.

A hostile environment occurs when a person is subjected to verbal or physical conduct based on a protected class that is sufficiently severe, persistent or pervasive, and objectively offensive to alter the conditions of a person's employment or unreasonably interfere with a person's ability to participate in or benefit from CCCS educational programs or activities, from both a subjective and objective viewpoint.

Quid Pro Quo is a type of sexual harassment that exists when an employee conditions the provision of aid, benefit, or service on an individual's participation in unwelcome sexual conduct, such as unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature.

Sexual harassment includes, but is not limited to, dating violence, domestic violence, stalking, and sexual assault. For more information and how to file a complaint regarding discrimination or harassment, including sexual misconduct, see [SP 19-60: Prohibition of Discrimination, Harassment, or Retaliation](#) and [SP19-60a: Civil Rights and Sexual Misconduct Resolution Process](#).

Additionally, any act that places a student in a subservient role within an organization is considered hazing. Participation or consensual cooperation by the individual(s) being hazed does not excuse the violation. Failing to intervene to prevent, failing to discourage, and failing to report those acts may also violate this code.

- Violation(s) have received the consent or encouragement of the organization or of the organization's leaders or officers.

- Violation(s) were known or should have been known to the membership or its officers. Conduct meetings for student groups or organizations shall also follow the Student Behavioral Expectations and Responsibilities Resolution Procedure. In any such action, individual determinations as to responsibility will be made and restrictions, conditions, and outcomes may be assigned collectively and individually and will be proportionate to the involvement of each individual and the organization. Procedures will begin with communication with the President or leadership of said organization.

### **Amnesty**

Assisting an individual by calling for help in an alcohol or drug-related emergency means neither the person who calls for help nor the person who needs help will be subject to formal investigation nor receive a formal conduct record for their behavior. Students seeking assistance under these provisions may be required to meet with the SSAO and to complete educational, counseling, or other requirements aimed at addressing health and safety concerns. The requirements will be informal or on a deferred basis.

The student must fully comply with reporting to appropriate College officials for amnesty to be considered.

## **APPENDIX B - DEFINITIONS**

### **Alternative Conflict Resolution**

Alternative conflict resolution is a process of addressing differences that allow everyone involved to find a way to work together. Differences may be personal, financial, employment, political, emotional, or interpersonal. It is an alternative to a formal investigation of a reported violation. There are many types of alternative conflict resolutions that may be utilized to work through conflict that may arise.

Examples include [1]:

### **Dialogue**

Students engage in a conversation to gain understanding or to manage a conflict independent of intervention or third-party facilitation.

### **Conflict Coaching**

Students seek counsel and guidance from the Division of Student Affairs to learn more about their own conflict styles and strategies to engage in conflict in a more effective and independent way.

### **Facilitated Dialogue**

Students access the Division of Student Affairs for facilitation services to engage in a conversation to gain understanding or manage a conflict with another party. In a facilitated dialogue, parties maintain ownership of decisions concerning the conversations or any resolutions of a conflict.

### **Mediation**

Students access the Division of Student Affairs to serve as a third party to coordinate a structured session aimed at resolving a conflict and/or constructing a resolution agreement for the parties involved.

### **Restorative Justice Practices (conferences, circles, and boards)**

The Division of Student Affairs provides space and facilitation services for students taking ownership for harmful behavior and those parties impacted by the behavior to jointly construct an agreement to restore community.

### **Shuttle Diplomacy**

A Resolution Coordinator actively negotiates an agreement

between two parties who do not wish to directly engage with one another.

### **Complainant**

The complainant is a person who is subject to alleged inappropriate or unlawful behavior.

For purposes of this procedure, a Complainant can be a CCCS employee, student, authorized volunteer, guest, or visitor.

### **Due Process**

Due process provides a student reported to be in violation of the Code, a written notice of the allegation of misconduct, time to examine the evidence and formulate a response, and the opportunity to explain their version of events to the SSAO.

### **Notification**

Notification is an email from the SSAO requesting a meeting. The email will be sent to the student's College issued email address and will outline the incident in question, process, and rights of the student.

### **Outcomes**

Outcomes are assigned and used to develop an educational and restorative experience for individuals engaging with the conduct process. Outcomes may also be put in place to ensure the safety of an individual and/or the campus community.

### **Preponderance of the Evidence**

## **Reasonable Cause**

Reasonable cause is defined as credible information that, if true, supports the proposition that a violation of the Code has occurred, including information provided by an anonymous source.

## **Reporting Party**

A Resolution Coordinator is a College official who is authorized by the SSAO to coordinate and conduct resolution.

## **Senior Student Affairs Officer (SSAO)**

The SSAO may delegate some or all aspects of this procedure to another individual (designee/Resolution Coordinator). All references in these procedures to the SSAO include any designee.

Note: Previously referred to as Chief Student Services Officer (CSSO); other policies and procedures may also refer to this role as CSSO.

## **Student**

Anyone who has been admitted within the prior three terms or who has completed a non-credit or academic course within the prior three terms. Withdrawal does not change student status. Students include those currently taking

courses at or sponsored by the College(s), pursuing either credit or non-credit courses (or both), including those concurrently attending secondary or post-secondary institutions and College.

**Third Party**

An individual or group that is external to the incident or situation that is not directly involved.

# **STUDENT RIGHTS AND RESPONSIBILITIES**

All students at Red Rocks Community College have rights as students which are outlined below.

## **Freedom of Access to Higher Education**

Red Rocks welcomes high school graduates or non-graduates 17 years or older who might benefit from our instructional programs and courses. High school students under the age of 17 may also have the opportunity to enroll through high school concurrent enrollment programs. Students under the age of 17 may apply for a “Waiver of Admissions Requirements” by contacting the office of the Vice President for Student Services. To be considered for underage admissions, students must complete a waiver application, take the Placement Test in the Assessment Center, and may be required to submit a monitored writing sample. Students under the age of 15 will only be considered if they have received a high school diploma.

## **Admission**

Red Rocks has the right to review the applications of all persons wishing to enroll at the College. Those who do not appear to have the qualification to profit from instruction may be denied admission to Red Rocks. When an applicant’s qualification for admission is questionable, the Director of Enrollment Services will determine whether the applicant is to be admitted. The Director’s decision may be appealed to The President of the College.

## **Continued Enrollment**

Once admitted, if a student’s actions on campus give reasonable cause to believe that he/she is unqualified to participate in the College’s programs and activities, that student may be denied further enrollment at the institution. Such a decision will be made after an examination of issues associated with the student’s behavior pattern. This may

include consultation with professional staff members at the College as well as a medical or psychiatric evaluation at the student's expense by an outside consultant if necessary.

### **Classroom Rights**

The instructor in the classroom and in the conference must encourage free discussion, inquiry, and expression. Student performance must be evaluated solely on an academic basis, not on opinions or conduct in matters unrelated to academic standards.

### **Protection of Freedom of Expression**

Students are free to take reasoned exception to the interpretation of data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course in which they are enrolled.

### **Protection Against Improper Evaluation**

Students have protection through orderly procedures against prejudiced or capricious academic evaluation. At the same time, they are responsible for achieving standards of academic performance established for each course in which they are enrolled.

### **Protection Against Improper Disclosure**

Information about students' views, beliefs, and political associations are considered confidential, and under no circumstances will become a part of their records or transcripts. Judgment of ability and character may be provided upon appropriate circumstances with the consent of the student, in cases where the student is a minor, or if legal mandates dictate.

### **Protection Against Sexual Harassment**

Students have protection against sexual harassment by Red Rocks employees as well as other students as

outlined in the College Affirmative Action and Equal Opportunities policies.

### **Protection Against Instructor Unavailability**

Students have the right to expect faculty and advisors to post and maintain office hours.

### **Student Affairs**

In student affairs, certain standards must be maintained if the freedom of the student is to be preserved.

### **Freedom of Association**

Students bring to the campus a variety of interests previously acquired and develop many new interests as members of the College community. They are free to organize and join associations to promote their common interest, as long as they do not disrupt the College or violate its rules and regulations. The membership, policies, and actions of a student organization will be determined only by those persons who are enrolled as fee-paying students at Red Rocks. Affiliation with extramural organizations is permitted provided the organization adheres to College policies, procedures, and regulations. Such organizations must be open to all students without respect to age, religion, national origin, or physical limitations (except for religious qualifications that may be required by the organizations whose aims are primarily sectarian). Campus advisors approved by the Student Life Director are required for each organization. If the student organization cannot secure an advisor, the resources of the Student Life staff may be utilized until an advisor is secured as required by the student organizational council regulations.

Advisors may advise organizations in the exercise of responsibility, but they do not have the authority to control the policy of such organizations. Student organizations are required to submit a statement of purpose, criteria for

membership, rules or procedures, and a current list of officers as a condition of institutional recognition. A recognized club or organization may lose its official recognition and be suspended if the actions of its officers or members, or activities of the organization as a whole, violate College policies, procedures, or regulations.

### **Freedom of Inquiry and Expression**

Students and student organizations are free to examine and discuss all questions of interest to them, and to express opinion publicly and privately. They shall always be free to support causes by orderly means that do not disrupt the operations of the College. In their public expressions or demonstrations, students and student organizations speak only for themselves. Student organizations may invite anyone they choose to speak or exhibit on campus, provided state and College policies and procedures are followed. If a political speaker is invited, candidates or representatives of other political parties must also be given the opportunity to present. Institutional control of campus facilities may not be used as a device for censorship. Sponsorship of guest speakers does not necessarily imply approval of views expressed either by the sponsoring group or the institution.

Facilities and services of the College are open to all of its enrolled students provided they are used in a manner appropriate to the College community and in compliance with College procedures. The Student Center maintains information on policies and procedures for the use of facilities.

### **Student Participation in Institutional Government**

As members of the College community, students are free, individually and collectively, to express their views on issues of institutional policy and on matters of general interest to the student body. The student body shall have clearly

defined means to participate in the formulation and application of institutional policy affecting academic and student affairs. The role of the Student Government in both its general and specific responsibilities shall be made explicit and the actions of the Student Government shall be reviewed only through orderly and prescribed procedures.

### **Student Publications**

Student publications and the student press are an invaluable aid in establishing an atmosphere of free and responsible discussion and intellectual exploration at the College. They are means of bringing student concerns to the attention of the faculty and institutional authorities, and of formulating student opinion on various issues at the College and in the world at large.

The institution, as the publisher of the student publication, may have to bear the legal responsibility for the content of the publication. In the delegation of editorial responsibility to students, the institution must provide sufficient editorial freedom and financial autonomy for the student publications to maintain their integrity of purpose as vehicles for free inquiry and free expression in an academic community.

Institutional authorities, in consultation with students and faculty, have a responsibility to provide written clarification of the role of student publications, the standards to be used in their evaluation, and the limitations of external control of their operation. At the same time, the editorial freedom of student editors and managers entails responsibilities to be governed by the canons of good journalism, such as the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and techniques of harassment and innuendo. As safeguards for the editorial freedom of student publications, the following provisions are necessary: The student press shall be free of censorship and advance approval of copy, and its managers and editors shall be free

to develop their own editorial policies and news coverage. Editors and managers of student publications may not be arbitrarily suspended or removed because of student, faculty, administrative, or public disapproval of editorial policy or content. Only for proper and stated causes shall editors and managers be subject to removal, and then by orderly and prescribed procedures. The agency responsible for the appointment of editors and managers is the agency responsible for their removal.

All student publications financed and published by the College must explicitly state on the editorial page of the publication that the opinions expressed are not necessarily those of the College or its student body.

### **Distribution of Literature**

It is the intent of the College to provide for the exchange of ideas in an orderly fashion and without disruption to the College. Red Rocks makes the distinction.

### **Off-Campus Freedom of Students**

Red Rocks Community College students are both citizens and members of the College community. As citizens, students may enjoy the same freedom of speech, peaceful assembly and petition rights that all other citizens enjoy. As members of the College community, they are subject to the same obligations that accrue to them by virtue of this membership. Faculty members and administrative officials must ensure that institutional powers are not employed to inhibit the intellectual or personal development of students promoted by their exercise of rights of citizenship both on and off campus.
