The R.A.D. system is a comprehensive, women-only course that teaches risk awareness, risk prevention, risk reduction, and risk avoidance. These four personal safety factors are the building fundamentals in the progression of the basics for hands-on self-defense training. R.A.D. is not a martial arts program. Our courses are taught by nationally certified R.A.D. instructors and provide each student with a workbook/reference manual. This manual outlines the entire Physical Defense Program for reference and continuous personal growth. This manual is the "Golden Ticket" to our free lifetime return and practice policy anywhere in the world where the class is offered. www.rad-systems.com
