KAGEN SOUND PUZZLE BOXES

What is a puzzle box and how does one work? Kagen will demonstrate how one of his puzzle boxes unlocks and talk about how his work has evolved over the years.

Kagen Sound is a professional puzzle box and mechanical furniture maker. He designs and builds everything from scratch in Denver Colorado. His work has won numerous awards and is collected worldwide.

THOMAS HARVEY A SIMPLE APPROACH TO DESIGN (but I didn't say it was easy...)

Design is a basic human activity; we all do it regularly, but doing it well is hard work. I have defined an approach to design that is simple and effective, gives us the language to talk about what we are doing, and allows us to see whether we are doing a good job at it.

Thomas Harvey is a professional artist, designer, and woodworker. His business, Earthwood Builders, creates beautiful furniture, exquisite timber garden structures, and striking architectural features.

COMING IN MARCH:

- Pat Morrow, Furniture History
- Kyle Kwiatkowski, Running a Woodworking Business

COMING IN APRIL:

- Tak Kida, Japanese Woodworking
- Leane Mahanke & Jeff Spahr, From Craft Market to Gallery
