<p>ART 139</p> <p><i>Fall/Spring Enrollment</i></p>	<p>Digital Photography I</p> <p>High School Instructor: Lori Lacy</p> <p>Analyzes acquisition and manipulation of digital images. You will study traditional photography methods of weaving contrast, sharpness, color, and composition together within the limitations of computer technology. The practical aspects of setting up a shoot, equipment needs, and camera controls are discussed. You will examine color correction, restoration, colorizing, and archiving digital images. A digital SLR camera with manual settings is required for this class. You are required to have a basic knowledge of computers prior to taking this class. You should be able to upload and download files from the Internet, external devices, and flash drives; use the Internet for basic research; be able to send email and attachments; save information to CD/DVD, flash drive, or other external devices. Students without these skills are required to take MGD 101 Introduction to Computer course focuses on original, personal expression. Student independence is emphasized with regard to use of material and tools and a wide variety of glass.</p>	<p>3</p>

*Students are encouraged to connect with their preferred college/university advisor to determine transferability of college credit.
