HYBRID SUMMER 2018

[For more Hybrid course information please visit our website.](#)

Hybrid courses at RRCC combine on-campus classroom instruction with online learning components and/or out-of-class activities. Hybrid learning is for students who wish to combine the flexibility of face-to-face instruction with activities such as online collaborative discussions, group projects, and/or other out-of-class assignments. In a Hybrid course, traditional face-to-face instruction will be reduced but not entirely eliminated. Internet access and an email address are required for the online course activities. **This listing of courses is offered only for convenience. You must review the course listings in the schedule for complete course and fee information.**
