### METHODS OF CONDUCTING THE CLASS:

This course will generally be conducted through class lectures and PowerPoint, independent research, group discussions, testing, *MyVirtualChild* on line learning, and other formats that may prove to be appropriate.

**MyVirtualLife/Forums:** As a supplement to this class you will need to purchase an online code for Pearson's *MyPsychLab* On-Line Learning. We will be using the *MyVirtualChild* program developed for Human Growth and Development classes. As a part of this program we will have the opportunity to set up this program on the first Sat of classes. **You will type and bring with you a 1-3 page paper noting the personality, intelligence level, experiences, etc, of your child that you are "raising", as well as anything else you feel is important to discuss at that time.** Groups will consist of 3-4 people and will meet in class. Your papers will be 50 points each. **YOU MUST BE PRESENT AND ON TIME ON FORUM TO RECEIVE CREDIT FOR THESE PAPERS.** You may work from a home computer or use the computer labs on campus. **ALL PAPERS MUST BE WRITTEN IN A LEGIBLE 12 POINT FONT, DOUBLE SPACED and TURNED IN, IN CLASS, AFTER FORUM.**

**Case Study/Stages of Development Paper:** You will be assigned one case study paper during the class. You must find a child or adolescent to work with age 3-18. You will run a series of tests and interview the individual to determine their level of cognitive development, according to Piaget. Papers should be 5-10 pages in length and **MUST include at least one reference to the text book.** For example, in your paper you would use a quote from the book to support what you are saying in your paper. The reference will have an in-text citation that will look like this: "[Piaget] suggested that movement from one stage to the next occurs when a child reaches an appropriate level of physical maturation and is exposed to relevant experiences" (Feldman, pg. 152). Put the name of the author of your book and the page number where you found the information or quote after each reference. These references should support what you are saying and add academic depth to your paper. If the reference does not meet these requirements, you will not get full credit. **ALL PAPERS MUST BE DOUBLE SPACED AND WRITTEN IN 12 POINT, LEGIBLE FONT. PAPERS WILL BE TURNED IN TO THE APPROPRIATE DROP BOX IN D2L BY MIDNIGHT THE DAY IT IS DUE. PLEASE SAVE YOUR WORD DOCUMENT USING YOUR FIRST AND LAST NAME.**

**Desire2Learn:** You will be required to go to this site several times throughout the class. There are several computer labs on the Red Rocks campus if you do not have a computer or internet access from home. Also available on D2L are all of the PowerPoint presentations used throughout the class, handouts, and the child development project. You will be able to get updates, reminders, and know if class has to be cancelled or delayed for any reason. **All Case Study papers will be turned in through D2L ONLY!!** (Forum papers will be turned in during class).

### **CLASS POLICIES:**

**Attendance:** Attendance for this class is mandatory to facilitate class discussions, and complete in-class activities. You will lose points for tardiness and for leaving early. **If you miss more than four consecutive hours of this class, you will lose a complete grade, and over four hours will not allow you to complete this class successfully. If you do not attend class during the designated time scheduled, you will not pass the class.** Please do not be late to class. If you know you are going to be late, please inform me, via email, in advance.

**Cell Phones:** Please have your cell phones turned off and put away when class starts. Texting during class is disrespectful to both your fellow classmates and me and will not be tolerated. If you must take a call during class please inform me ahead of time and excuse yourself to do so. You will be asked to leave class if texting is an ongoing problem.

**Late work: NO LATE WORK WILL BE ACCEPTED!!** You will know in advance of all assignments and when they are due. There will be **NO EXCEPTION TO THIS!** There is an opportunity for extra credit if you are unable to turn in a paper on time.

**Extra Credit:** You will be able to turn in two Reaction Papers associated with the topics stated in the schedule. **See the Assignment in D2L Content for directions if you choose to do these assignments. 25 pts each.**

**Email: YOU MUST USE YOUR RRCC EMAIL ADDRESS.** I will not respond to any other email addresses. You can access your account by following this link: <http://www.rrcc.edu/admis/studentemail.html>.

I prefer that you email me at [elizabeth.james@rrcc.edu](mailto:elizabeth.james@rrcc.edu), and **NOT through the D2L email address.** I cannot guarantee that I will check that email address in adequate time to address your question or concern. **When you do send an email, please include your first and last name and the SPECIFIC class and section you are in.**
