Getting Started

We encourage students with disabilities to meet with Accessibility Services to request accommodations and receive support. An initial meeting can be scheduled by contacting Accessibility Services in person on the Lakewood campus in Suite 1182 or by phone at 303-914-6733 or by video phone at 720-336-3893.

During this meeting, students should be prepared to discuss how the disability impacts learning in the college setting to help determine appropriate accommodations or supports. At this meeting students should provide disability information such as an IEP (Individualized Education Plan), a 504 Plan, or an evaluation from a health care provider or mental health provider.

If you suspect a disability may be impacting you in the college setting, we invite you to connect with our office.
