

Red Rocks Community College Fire Fighter I Academy Information Fall 2018 Application Packet

This intensive 12 college credit hour program is 16 weeks in length (including state testing). The Academy provides an intensive instructional program that satisfies the certification requirement to take the State Firefighter I exams. The Academy's rigorous instruction includes lectures by seasoned firefighters, and hands-on practicals at West Metro Fire Rescue's state of the art live burn facilities. The Academy student will experience operations such as house burns, car fires, forcible entry, ground fires, and many others. If you are looking for a career in firefighting, or if you want to serve as a volunteer firefighter in your community, this is an excellent place to begin.

Students who pass the Firefighter I portion may take the State (CDFP&C) Firefighter I written and practical certification exams, including the live burn exam (approximately \$150). State exams are not a requirement to pass the Academy.

Students who pass the Hazardous Materials portion may take the State (CDFP&C) Hazardous Materials Awareness and Operations written exams and practical certification exam (approximately \$120). State exams are not a requirement to pass the Academy.

Please read the entire packet thoroughly for clear understanding of the application process and Academy expectations. All phases of the Academy are held at:

**West Metro Fire Rescue Training Center
3535 S Kipling Street
Lakewood, CO 80235**

Mandatory Orientation:

- The mandatory orientation for the Fall 2018 Academy will be held on **August 14th, 2018** from 6:00 to 8:00 pm at the West Metro Fire Rescue Training Center
- The Fire Academy training is academically, physically and mentally rigorous and exacting; students are strongly encouraged to bring parents or spouses to this meeting so that they too may understand what will be asked of each Fire Academy student
- At the orientation, the Red Rocks Fire Academy Drill Master and Coordinator will explain the guidelines, procedures, and policies required to successfully complete the Academy and pass the State written and practical exams

General Information:

- The Academy is held every Thursday and Friday from 6:50am to 5:00pm and runs August 23rd to December 14th, 2018. There will be two make-up days on December 20th and 21st, if necessary
- There is a maximum enrollment of 70 students
- Students should plan on spending approximately 2 hours of study/practice time for each hour spent in class and on practical skills (roughly 36 hours of homework/study per week)
- The State of Colorado Division of Fire Prevention & Control (CDFP&C) certification testing dates (Firefighter I and Hazardous Materials Operations) will be announced in the Academy
- RRCC Fire Academy Instructors teach to the National Fire Protection Standard 1001 (NFPA), and all instruction is mandated according to this standard

Schedule:

The fire academy consists of FST 100 and FST 107 which will meet at the West Metro Fire Rescue Training Center on Thursdays and Fridays. FST 170 is optional, but highly recommended and will meet on Tuesdays. Your clinical rides will be scheduled outside of any class time.

Course	Title	Class Times	Course Dates
FST 100 - 551	Essentials of Firefighting	6:50 am – 5:00 pm	8/23/18 – 12/14/18
FST 107 - 551	Hazardous Materials Operations	6:50 am – 5:00 pm	8/23/18 – 12/14/18
FST 170 - 001	Fire Academy Clinical 1	7:30 am – 8:45 am	8/23/18 – 12/14/18

Prerequisites:

- Proof of age 18 by the first day of class (no exceptions)
- Must possess a high school diploma or GED
- The student must be eligible to enroll in ENG 121 or provide proof of completion of ENG 121, or its equivalent, with a grade of C or higher

Co-requisites:

The fire academy is generally taken during the third semester of the Fire and Emergency Services Degree, or the second semester of the Fire Science Technology Degree. It is highly recommended that you take at least one three credit general education course during this semester to stay on track to complete either degree in four semesters

Program Cost:

Resident tuition and fees (with COF applied) are approximately \$2,500. Nonresident tuition and fees are approximately \$7,750. Included in these figures is a special Fire Science fee of \$360. Financial aid may be available. Please contact RRCC Financial aid directly with questions.

Each student must purchase required textbooks and workbooks (approximately \$300), NFPA compliant structural firefighting “bunker” boots (approximately \$150), NFPA compliant structural firefighting gloves (approximately \$80), Protective hood (approximately \$40), two academy tee shirts (approximately \$15 each) and two Blue BDU style pants (approximately \$35 each). Vendor information will be provided at the orientation.

All tuition and costs listed are approximate and subject to change.

Physical Demands:

Firefighting is an extremely physically demanding profession. Students are expected to be physically fit. To participate in the academy, students are required to pass the West Metro Fire Rescue Physical Ability Test (WMFR PAT). The test is administered at the start of the academy. Information about the PAT is available at:

- [WMFR Physical Ability Test \(PAT\)](#)
- [WMFR Detailed Physical Ability Test](#)
- [WMFR PAT Video](#)
- [WMFR PAT Suggested Work-Out Programs](#)

Students should not underestimate the physical demands of the academy. It is crucial that students have an exercise program prior to attending the academy, and start increasing their endurance and aerobic conditioning several months prior to the start of the academy.

Students are required to provide a signed Medical Release Form **on the first day** of the Academy. **Students will not be allowed to participate without this form.** RRCC students can have this form completed at the Red Rocks Student Health Clinic.

Academic Demands:

The program demands a high level of academic performance both within the classroom as well as with homework assignments. This requires the student attend all class sessions as well as adequately prepare for and follow through with the workload outside of class. Students can expect approximately two hours of homework/study time for each hour of time spent in class or on Drill Ground. **This equates to an additional 36 hours per week outside of the classroom or Drill Grounds.**

RRCC discourages students from participating in the academy if this is their first semester of post-secondary education. This is due to the heavy workload and self-discipline necessary to successfully complete the academy. Students will need a high level of maturity to meet the challenge.

College Placement Exam:

The college placement exam is offered at the RRCC Assessment Center for students who have not met the English 121 pre-requisite. Please visit the [Assessment Center website](#) for testing times and availability, or contact them at 303-914-6720.

No appointment is needed for the computerized exam and there is no cost for the initial attempt. Allow approximately two hours to complete the exam. Placement exams must have been taken within the last five years to be accepted for admission into the academy

Registration Process:

Registration for the Fall 2018 semester will start on 4/3/2018. Students with all of the required pre-requisites are admitted to the program on a first-come, first-served basis. Please complete the steps shown below to register for the course:

Please visit the [CastleBranch website](#) to complete the background check.

- On the home screen please click on "Place Order"
- Click on "Red Rocks Community College" on the page requesting you to select your school
- From the dropdown box choose "Fire Science Technology Academy"
- From the next dropdown box that appears on that page choose the appropriate option
- Do not click anything, just wait for the page to reload
- Confirm your order, click the box at the bottom indicating you have read the terms and conditions, and click on "Continue Order"
- Complete the following screens providing the requested information.

Be sure your information is correct. It is not possible to make changes to your order after it has been submitted. IF your order is submitted with incorrect information you will need to submit another background check with additional fees.
