## April News

### Happy April!

We have a fun month ahead~ April is our last full month of the school year! Don't forget that May 21st is our last day of care for the school year. We encourage you to have a plan in place for the last few days of the school year.

The kids have been enjoying our Karaoke Club! It makes me happy to see so many participate. This club has helped a few participants break out of their shell and try something new. I'm also seeing teamwork, new friendships form and encouragement surface from the music and act of getting in front of people and singing. This is a club I would love to continue next fall!

We will be putting on a show for parents in May. Stay tuned!!

Our summer orientation family night will be Thursday, May 9<sup>th</sup> from 6:30-7:30pm, here at Kendallvue. This orientation is open to everyone that would like to attend and mandatory for those families new to RRCC SACC Summer Camp. This orientation will provide important information about the summer program including rules, procedures, field trips and much more! Refreshments will be provided.

### SUMMER FAMILY FREE DAYS

6:45 AM – 6:00 PM

**Please note that  
May 21st is our last  
day of care for the  
school year!**

## Parent Resource Center: Making the Most of Bed Time Chats

Bedtime tuck-in can often be the perfect setting for engaging your kids in thoughtful conversation of the dreamy variety. The comfort and security of bedtime routines allow kids to open up and share from their heart.

To use this special time with your child for exploring dreams, aspirations, and bucket list goals together, try mulling over one of these questions before you kiss them goodnight:

- If you had a whole day free to do whatever you want, what would you choose to do?
- Who is your hero? Name one person you would like to be like. Can you tell me why you chose that person?
- What do you look forward to being able to do when you get a little older?
- Where would you most like to go on vacation? What would you want to do there? See there?
- Name something you would like to learn to do or spend time getting better at.
- What do people most look up to you for? Or what do you hope one day people will admire about you?

After your conversation, make a note of what stood out in your child's answers. Consider how you could help make those dreams come true.

Incorporating this exercise into your child's bedtime routine from time to time will take your parent-child bonding to a new level. Plus you'll have a whole new group of ideas for wake time activities you can pursue together.

### CURRICULUM HIGHLIGHTS

We have lots of colorful curriculum in the month of April! We have a whole week dedicated to Native Americans, a journey to Greece, a look into Harry Potter and much more!
