Program FYI’s:

Below are some reminders that will assist in continuing to provide quality care for the children:

✓ We will continue to spend as much time outside as possible. Please encourage your child(ren) to bring jackets for the chillier days.
✓ As a reminder, we evaluate the need for each full day based off of registrations 3 weeks prior. If you will need care, we encourage you to submit the full day form as early in advance as possible.
✓ Please send your child with an extra mask to change into afterschool as needed.
✓ Please email or text if your child(ren) will be absent on their scheduled days.
✓ Please keep your child home if they are not feeling well. This includes unexplained tummy aches or an overall feeling of unwellness.

The program incorporates STEAM projects into our curriculum each day. Your child is offered the opportunity to engage in a project that involves science, technology, engineering, art, or math. Feel free to ask your child if they participated and what they learned! I bet they will surprise you with some fun knowledge.

As we enter the month of Thanksgiving, we want to express how thankful we are for the opportunity to care for your child(ren). We don’t take the responsibility lightly and appreciate the trust you have in us.
