9/2

Full Day of Care at Hackberry  
9/20

Fall Break Care at Semper  
10/17 & 10/18

## Welcome back to school!

Welcome to the 2024-2025 school year! We are excited to start a new year with your family. Listed below are some items to know for your child's care at Red Rocks:

- Entrance to our program is on the left side of the school at the large blue double doors. Please text or call 303-519-3745 to be let inside. Please allow our staff a few moments to get to the door.
- Please park in the parking lot when picking up and dropping off your child from our program.
- Please remember to bring your ID with you when you pick up. We are required to ID anyone we don't know yet in order to ensure your child goes home with the correct person.
- In order to provide a smooth transition, the first week of school, the teachers will be provided your child's schedule. Kindergarteners and 1st graders will be picked up from their classrooms for the first week of school. Kindergarteners will continue to be picked up for the remainder of the semester. All children have 5 minutes to check in with us before we complete an "all call" and begin calling contacts on the emergency list.
- Please make sure to let us know via email or text if your child will be absent.

## Full Days of Care

For the majority of the days on which school is closed, either for non-contact days, or holiday breaks, we will host care at a few of our sites. We will communicate which site is hosting care and when to sign up monthly.

Make sure to check out the important dates listed in the box above and sign up online at least two weeks in advance. We will also notify you of any days we are closed.

Sign up is through our website: [Here](#)

As always, please contact me with any questions about how to sign up or when to sign up!

## Curriculum Highlights

In September, we're diving into exciting STEAM projects that explore bugs, famous artists like Picasso and Monet, and hands-on world map activities. Our gym sessions will be centered around teamwork and collaboration, with a special unit dedicated to the ever-popular parachute. It's going to be a month full of creativity, learning, and active fun!

## Did You Know?

### Healthy eating plays a crucial role in your child's success at school!

Studies show that a balanced diet helps improve concentration, memory, and overall energy levels—leading to better academic performance and behavior in the classroom. Nutritious meals and snacks rich in fruits, vegetables, whole grains, and proteins give kids the fuel they need to stay focused and energized throughout the day. To support this, we provide a daily afternoon snack that includes 2-3 food groups, with one always being a fruit or vegetable, along with milk and water to ensure proper hydration. On full days, both a morning and afternoon snack are offered, though we ask that parents provide a packed lunch for their students. If your child has specific preferences or needs additional food beyond what we offer, we encourage you to send an extra snack. For further information on balanced nutrition, please visit [www.myplate.gov](http://www.myplate.gov).
