# April Newsletter

### Happy April!

I hope everyone is excited for the longer days and the warmer weather that is coming our way! We have a lot of exciting things planned for the last few months of the 23-24 school year. This month, we will be learning softball and handball skills while in the gym, along with learning about games from other cultures. Our STEAM curriculum will include butterfly art, science experiments with bubbles and cans, and growing our social and emotional skills by making worry pets. We are very excited for the month ahead!

### Upcoming Full Days:
