SRC Personal Training Program policies:

- Each participant must sign a [this] waiver, a complete health and exercise history questionnaire and a PAR-Q form to be kept on file. These documents will be confidential between the Fitness Coordinator, personal trainer and the client.
- The personal trainer must be notified at least 24 hours in advance for cancellations; if notification is not at least 24 hours in advance or the session is missed (no call, no show) the participant will be charged for the session missed;
- Every client is given (1) excusal for either notifying their personal trainer with less than 24 hours' advance notice for a cancellation or for a no call, no show to a training session;
- With advanced notice, participants that show up late to a session will still be charged for the full session. Note that the training session will only continue for the duration of the scheduled session (i.e. if training session started at 1pm and client showed up at 1:15pm, the session will still end at 2pm – it will not be extended to 2:15pm);
- The personal trainer will wait up to 15 minutes (without prior notice from client) for client session(s). Trainers will leave after 15 minutes and count session as a no-call, no-show;
- Clients are to meet the personal trainer at the SRC Membership Desk at the scheduled appointment time, unless an alternate meeting place (must be on RRCC campus) has been agreed upon between client and the personal trainer.
- Note: The 'Ultimate Fitness Package' has a specific expiration date (8-weeks from purchase date). All other sessions can be used within 1-year from purchase date;
- Clients may not share personal training sessions with other SRC members;
- Refunds are provided on a case-by-case basis. Refunds are only available for sessions/percent of packages not already used.

Red Rocks Community College Assumption of Risk for Participation in Recreational and Programed Activities

Each participant in the SRC Personal Training Program should realize that there are substantial risks, hazards, and danger inherent in such training. Each participant in the SRC Personal Training Program must be covered by an accident and health insurance policy. It is the responsibility of each participant to participate only in those activities for which he/she has the prerequisite skills, qualifications, preparation, and training (as determined and instructed by the personal trainer). The College does not warrant or guarantee in any respect the competence or mental or physical condition of any personal trainer. The College also does not warrant or guarantee in any respect the physical condition or any equipment used in connection with the activity.

Therefore, in consideration of the benefits received from the Student Recreation Department, the undersigned assumes all risks of damages or injury, including death, that may be sustained by him/her/them while participating in any and all recreational activity or in travel to or from such activity.

Release, Covenant Not to Sue, and Waiver

Personal Training involves an inherent risk of physical injury and the undersigned assumes all such risks. The undersigned hereby agrees that for the sole consideration of Red Rocks Community College allowing the undersigned to participate in the SRC Personal Training Program for which or in connection with which the College has made available any equipment, facilities, grounds, or personnel for such training, the undersigned does hereby release, covenant not to sue, and forever discharge the State of Colorado, State Board for Community Colleges and Occupational Education ("SBCCOE" or "Board"), Red Rocks Community College ("RRCC" or "College" or "the College") and its trustees, officers, agents, and employees of any and for all claims, demands, rights, and causes of action of whatever kind or nature including but not limited to negligence, unforeseen bodily and personal injuries, damage to property, and the consequences thereof resulting from participation in any way connected with such recreational programs and activities. I understand that this Release, Covenant Not to Sue, Waiver, and Assumption of Risk shall cover any and all recreational and structured programing activities in which I participate. By signing this document, the undersigned hereby acknowledges that he/she/they has read the above carefully before signing, and agrees to comply with all the above.

PAR-Q AND YOU

(A Questionnaire for People Aged 15 to 69)

Regular physical activity is fun and healthy, and increasingly more people are starting to become more active every day. Being more active is very safe for most people. However, some people should check with their doctor before they start becoming much more physically active.

If you are planning to become much more physically active than you are now, start by answering the seven questions in the box below. If you are between the ages of 15 and 69, the PAR-Q will tell you if you should check with your doctor before you start. If you are over 69 years of age, and you are not used to being very active, check with your doctor.

Common sense is your best guide when you answer these questions. Please read the questions carefully and answer each one honestly: check YES or NO.

YES	NO	
<input type="checkbox"/>	<input type="checkbox"/>	1. Has your doctor ever said that you have a heart condition <u>and</u> that you should only do physical activity recommended by a doctor?
<input type="checkbox"/>	<input type="checkbox"/>	2. Do you feel pain in your chest when you do physical activity?
<input type="checkbox"/>	<input type="checkbox"/>	3. In the past month, have you had chest pain when you were not doing physical activity?
<input type="checkbox"/>	<input type="checkbox"/>	4. Do you lose your balance because of dizziness or do you ever lose consciousness?
<input type="checkbox"/>	<input type="checkbox"/>	5. Do you have a bone or joint problem (for example, back, knee or hip) that could be made worse by a change in your physical activity?
<input type="checkbox"/>	<input type="checkbox"/>	6. Is your doctor currently prescribing drugs (for example, water pills) for your blood pressure or heart condition?
<input type="checkbox"/>	<input type="checkbox"/>	7. Do you know of <u>any other reason</u> why you should not do physical activity?

If
you
answered

YES to one or more questions

Talk with your doctor by phone or in person BEFORE you start becoming much more physically active or BEFORE you have a fitness appraisal. Tell your doctor about the PAR-Q and which questions you answered YES.

- You may be able to do any activity you want — as long as you start slowly and build up gradually. Or, you may need to restrict your activities to those which are safe for you. Talk with your doctor about the kinds of activities you wish to participate in and follow his/her advice.
- Find out which community programs are safe and helpful for you.

NO to all questions

If you answered NO honestly to all PAR-Q questions, you can be reasonably sure that you can:

- start becoming much more physically active — begin slowly and build up gradually. This is the safest and easiest way to go.
- take part in a fitness appraisal — this is an excellent way to determine your basic fitness so that you can plan the best way for you to live actively. It is also highly recommended that you have your blood pressure evaluated. If your reading is over 144/94, talk with your doctor before you start becoming much more physically active.

DELAY BECOMING MUCH MORE ACTIVE:

- if you are not feeling well because of a temporary illness such as a cold or a fever — wait until you feel better; or
- if you are or may be pregnant — talk to your doctor before you start becoming more active.

PLEASE NOTE: If your health changes so that you then answer YES to any of the above questions, tell your fitness or health professional. Ask whether you should change your physical activity plan.

Informed Use of the PAR-Q: The Canadian Society for Exercise Physiology, Health Canada, and their agents assume no liability for persons who undertake physical activity, and if in doubt after completing this questionnaire, consult your doctor prior to physical activity.

No changes permitted. You are encouraged to photocopy the PAR-Q but only if you use the entire form.

NOTE: If the PAR-Q is being given to a person before he or she participates in a physical activity program or a fitness appraisal, this section may be used for legal or administrative purposes.

"I have read, understood and completed this questionnaire. Any questions I had were answered to my full satisfaction."
