

Provider Post

January—June 2019

Over twenty-five years of providing training and support for child care providers, building capacity, and developing programs to enhance quality.

Professional Development Opportunities...

This bi-annual publication provides information about training sessions offered by our agency. All sessions are presented by highly qualified part-time staff. Certificates are provided to document your professional development, interactive learning experiences, current best practice information for early childhood professionals...all at affordable prices.

We look forward to offering some of the new PDIS courses in a Face-2-Face (F2F) format so that you are able to interact with a person and still receive your credits through the PDIS portal.

We are also available for consultation and provision of customized training sessions provided at community locations throughout our service delivery area, early childhood professional organizations, or child care centers.

For information on additional trainings please visit PDIS at:

Provider Updates

Child Care Resource and Referral Agencies collect data on child care supply and demand. This data may be used to:

- * Help parents and providers understand average rates in given communities
- * Help families understand options that best meet their needs
- * Help inform recruitment efforts
- * Gain information needed to receive funding for quality improvement, scholarships and support providers
- * Help inform capacity building efforts
- * Help determine training and support needs
- * Help in communication and outreach to providers, including providing information about grants and other resources
- * Help us advocate on behalf of early childhood professionals

Each licensed facility is contacted once a year per our contract with the Colorado Office of Early Childhood.

Please take some time to assist us when contacted or call our provider line: 303-969-9666.

Promoting Social-Emotional Health

#P19-52

\$35.00

Wednesday, **March 13**, 6:30pm—8:30pm

Room: 1162

Instructor: Christine Cerbana

Why do feelings matter? Why should we be concerned with developing emotional literacy in children? Children's awareness around feelings do not come naturally. Being able to recognize, express, and manage a range of emotions benefits a child's mental health and well-being. And being able to emotionally regulate emotions has a role in developing the necessary cognitive skills for success in school. So how do we teach kids about feelings? This workshop will define emotional literacy, social-emotional learning, emotional intelligence and empathy while making the case for emotional development in children and providing practical tips and strategies for parents and caregivers. Let's give them the gift of identifying and coping with their whirlwind of BIG EMOTIONS and lifelong emotional health.

Competencies:

Guidance 2.1, 2.2, 2.4, 4.2, 4.4

Science is Everywhere

#P19-53

Presented by: Denver Museum of Nature & Science

\$45.00

Saturday, **March 16**, 10:00am—12:00pm

Room: 1178

Instructor: Cybil Holmes

The early childhood classroom is a busy and dynamic environment; teachers are working hard every day to provide the best educational opportunities for children. Teaching science doesn't have to be just another thing on the list of tasks we 'have to do!' This class was designed to model ways of creating science lessons with little or no prep time.

Using a collection of interesting museum objects, participants will have their own curiosity piqued as they learn techniques for creating deeper engagement, more critical thinking and application of science skills throughout the daily schedule and across content areas.
