

Education to Employment

Are you ready for work? We can help you get there!

Education to Employment (E2E) is a program for students age 15-21, designed to help prepare you for the transition from education to the world of work. This program partners the participant with a career advocate to create a personalized plan for employment based on your individual goals and desires. After working together to determine a career pathway, the career advocate will provide or arrange for a variety of tailored pre-employment transitional services to break down the barriers between you and your dream job.

Services Available

Paid and unpaid internships

Work-based learning experiences

Self-advocacy training

Work-readiness training

Resume building

Career exploration and counseling
