

Hirsch★Gibney

Hydrogeology, Environmental Engineering & Consulting

Paid Internship: Part-Time Entry-level Field Tech, Golden, Colorado

Duties May Include

- ☆ Weekly Compliance Activities- Collect water samples and water quality data from multiple groundwater treatment systems on a weekly basis. Deliver the samples to the designated laboratory under chain-of-custody protocols. Complete a field visit sheet for each site and submit them to the office on the same day as the visit.
- ☆ Groundwater Treatment System Operations and Maintenance- Inspect each groundwater treatment system during weekly visits to identify and report leaks or other system issues. Change bag filters or perform cleanup duties as needed.
- ☆ Quarterly Sampling- Assist in the collection of quarterly groundwater monitoring samples from monitoring wells at various sites situated along the Front Range.
- ☆ Remediation Activities- Assist in the implementation of remediation strategies at various sites situated along the Front Range.
- ☆ Oversight and Manifest Tracking- May assist in documenting progress or with the on-site completion and tracking of waste manifests during large-scale excavation projects.
- ☆ Additional fieldwork as needed.

Estimated Work Load

- ☆ 6-8 hours each week for completing weekly sampling activities.
- ☆ 0-2 hours each week for completing operations and maintenance activities, when required.
- ☆ Additional hours may be available on an intermittent basis depending on remediation projects, quarterly sampling schedule, and your availability.

Requirements

- ☆ Driver's license and vehicle- provide your own transportation to/from job sites extending along the Front Range.
- ☆ Availability- Completing weekly sampling activities requires approximately 6 hours, with samples delivered to the appropriate laboratories by 3:00PM. Must have reliable availability every week on the same day of the week. No weekends.
- ☆ Able to lift up to 40 pounds.
- ☆ HAZWOPER training preferred.

Interview

- ☆ Forward resume to: RJHIRSCH@HIRSCHGIBNEY.NET
- ☆ If selected you will be invited to an interview.
- ☆ Successful candidate(s) will need to conduct a drug screen.
