

## 2021-2022 ELIGIBLE PROGRAM

Your eligibility for financial aid is based on your educational goals here at Red Rocks Community College. You are currently either in a Non Degree Seeking/Undecided degree status, or you have declared a certificate that is shorter than 16 credits.

Complete this form so the Financial Aid Office can determine what aid you may qualify to receive.

### PLEASE ANSWER THE FOLLOWING:

**What are your educational goals at RRCC?** Check one:

- I plan to earn a degree or certificate from RRCC.
  - To update your major, click on the Student tab in The Rock student portal and click the "Change my Declared Degree Program" link to update your major. The RRCC Admissions Office will process your request.
- I have declared a certificate that is fewer than 16 credits in length. I understand that this certificate does not qualify for federal student aid and that the Financial Aid Office will review my file to see if I qualify for the state CTE grant.
- I am attending RRCC to complete required prerequisites for another program.
  - Attach documentation of the program, including the classes that are required for acceptance into this program. You may be awarded a limited amount in federal student loans for up to one year.
- I am not seeking a degree/certificate. I am taking classes to improve my GPA or for other personal reasons, and I do not plan to graduate from RRCC. I understand that I do not qualify for financial aid as a non-degree seeking student.

The information I am providing on this document is true and correct under penalty of law, as previously attested when I completed the 2021-2022 Free Application For Federal Student Aid (FAFSA).
