

RRCC Colleagues and Students,

I am sure you have heard and read about the changes in COVID protocols in Jefferson and surrounding counties. Here at RRCC, we are not changing our COVID protocols at this time and will continue with our mask, vaccine and testing protocols that are in place for spring semester. Our top priority continues to be the health and safety of our college community.

We will continue to monitor the information we receive from CDC as we have done throughout the pandemic. Any changes in protocols will be communicated widely as soon as any changes occur.

Thank you for your continued flexibility. My hope is that the decrease in positive cases and hospitalizations will continue to decline and we can relax our protocols in the future.
