Tutoring:

24/7 Online Tutoring (TutorMe)

Students can work with a live tutor and receive help with homework assignments and other coursework, in a variety of academic subjects. This service allows students to meet with a qualified tutor using audio/video conferencing, text chat, screen sharing, document upload, and a shared whiteboard space. Students can also review recordings of their sessions, afterwards, in order to assist with their learning process. [Click here](#) for instructions to get started.
